PRIMARY PERMITTEE TRANSFER OF OWNERSHIP OR RENEWING PERMIT
(New or Existing Owner/Operator Notifications)
Under South Carolina
NPDES Construction Stormwater General Permit SCR100000

Section 2.4.3 of the Construction General Permit (CGP) requires that New Owner/Operators of prior approved Ongoing Projects notify the Department in writing within fourteen (14) calendar days of the change in ownership. Lending or other institutions taking operational control of a prior approved construction site (due to foreclosure, bankruptcy, abandonment, etc.) must also contact the Department within fourteen (14) business days of taking title to the property.

A new NOI must be submitted and NPDES coverage granted by the Department prior to any new Owner/Operator performing any construction activities at the site. Transferred sites must also be properly stabilized prior to issuance of new coverage. Transferring sites that are properly stabilized are not required to submit a new NOI immediately and may submit this form as initial notification to the Department. New Owner/Operators or Permit Renewal must agree to comply or not comply with an existing Comprehensive SWPPP and must initial the appropriate SWPPP Acceptance and Compliance Statement in Section E.

Instructions for Completing the This Form

If you are uncertain whether you need to obtain coverage under the NPDES General Permit for Stormwater Discharges From Construction Activities SCR100000 (CGP), if you cannot access the websites listed in these instructions, or if you have any other questions, contact the Bureau of Water Stormwater Permitting Section (BOW) at (803) 898-4300. Please see the Bureau of Water, Stormwater Permitting website (<http://www.scdhec.gov/stormwater>) for guidance and additional information. Or call North Augusta SW Dept: 803 441-4246

This Transfer or Ownership form must be completed by a new Property Owner taking title to or ownership of a previously approved NPDES construction site as the new Primary Permittee or it can be used to renew an expired permit. This form must be submitted to the Department or respective City Municipal Separate Storm Sewer System (MS4) as notification of changes in ownership or renewal of permit. **If your project is located within a Municipal Separate Storm Sewer System (MS4), you must contact the applicable MS4 to determine their requirements and fees for ownership transfers. NO FEE IS REQUIRED FOR SUBMITTING A TRANSFER OF OWNERSHIP NOTIFICATION TO THE DEPARTMENT. A \$125 NPDES COVERAGE FEE IS REQUIRED WHEN THE NOI IS SUBMITTED FOR NPDES COVERAGE OF A NEW OWNER/OPERATOR AS THE PRIMARY PERMITTEE OR RENEWING AN EXPIRED PERMIT.**

When Do I Need to Complete This Form?

The CGP requires that the Department receive notification within fourteen (14) calendar days of a new Owner taking title to the property or within 14 business days of a Lending or other type institution taking over operational control of a construction site due to abandonment, foreclosure proceedings, or permittee filing for bankruptcy. **If your project or site is being transferred to a new Owner/Operator as the Primary Permittee, you must complete this form and/or the Notice of Intent as defined in Section 2 of the CGP to make such notifications. This form may be used to renew or reissue and expired permit as well.** This Renewal/Transfer of Ownership form also identifies the current construction activity status for the property or site being transferred (i.e., active, inactive, under delayed commencement of construction activity, temporarily stabilized, permanently stabilized, etc.). You may use the form to renew an existing permit ONLY (if no changes are proposed to the existing C-SWPPP for the site), otherwise a new application and SWPPP is required and this form is not.

What Are the New Owners Responsibilities?

All new Property Owners and lending and other types of institutions taking ownership of a prior approved NPDES construction site become responsible for stormwater discharges from the property. New Owners must ensure that if construction activities have temporarily or permanently ceased, *all disturbed areas are properly stabilized as soon as practicable and within fourteen (14) calendar days of taking title to a property.* New Owners of sites not properly stabilized may be issued a compliance agreement.

Some institutions, such as lending institutions, taking over a construction site, may do so with only the intent for property resale, therefore may not intend to obtain NPDES coverage as a Primary Permittee with the intent to complete construction activities at a site. In such cases, commencement or recommencement of construction activities may be delayed for longer unplanned periods of time. Institutions taking ownership of such sites must ensure that they are properly stabilized to minimize the potential for erosion. *Each new Owner and subsequent owner must provide notification to the Department or respective MS4 within fourteen (14) calendar days of taking ownership. Each new Owner completing this form becomes responsible for stabilization of the site and stormwater discharges from the site until NPDES coverage is granted to a subsequent Owner/Operator as Primary Permittee for the site.*

Prior to initiating construction activity at the site as the new Owner/Operator, a new Notice of Intent (NOI) and a SWPPP Compliance Agreement or, if applicable, a new or modified SWPPP must be submitted to and approved by the Department. **The NOI must be submitted at a later date if the site is properly stabilized. If your site is INACTIVE & NOT stabilized or properly stabilized, a complete NOI and this form must be submitted to the Department as defined in the CGP.**
