- Overlook area
- Future Police Memorial
- Historical Marker

Original Design

Updated Design (Front View)

Updated Design (Parking Lot View)

Updated Design (Butler Ave View)

Updated Design (Rear View)

Legacy Structures

“After considerable deliberation, HNA inc has decided not to pursue restoration of the Flythe properties with the P&J Players... HNA inc will now concentrate its efforts of completing the work on the Society Building in Carrsville. We will also seek opportunities to support the preservation of other historic structures in North Augusta. We do this in the belief that there is considerable economic benefit in the promotion of historic tourism in this city.”
