Bottles  
Jars  
Steel Cans  
Tin Cans

**\*\*Materials should be clean, dry and loose.\*\***

**\*\*Please do not place household garbage, bags, yard waste, electronics or clothing in your blue bin.\*\***

## What Day and Week Is My Collection

### How do we know our recycling collection days?

Recycling collection occurs on the same day as garbage collection. However, with this new change, recycling collection will occur only once in two weeks with each household scheduled for collection either on a **Blue** week or **Green** week.

### There are three options to find out if you are **Blue** or **Green** week.

Option 1- Locate on the tote ether a **Blue** or **Green** sticker, this sticker represents which recycling week you will be serviced on.

Option 2- Go to [www.northaugustasc.gov/recycling](http://www.northaugustasc.gov/recycling) find the collection map click the link. Then type your street number and name to find out your recycling and garbage day pick up and whether you are **Blue** week or **Green** week.

Option 3 - You can call 803-441-4240 to determine whether your address is in the **Blue** week or **Green** week recycling schedule and your day of pick up.

A virtual copy of the Recycling Schedule is also available at the following link:
