

Acer rubrum 'Built to Last'

Built to Last Red Maple

Native shade tree - own root. Built to Last® is a branch sport from October Glory® Red Maple. Built to Last® is very similar to October Glory® in fall color and other traits, but is more heat tolerant and has an approximately 10-20% increased growth rate.

Category: Medium size deciduous tree

Hardiness: Zone 4-8

Foliage: Medium green, glossy with deep red to reddish purple fall color

Bark: Smooth; grayish tan and develops shallow fissures, ridges and plates when mature

Shape: Oval, rounded

Mature Size: 30-50ft tall 30-40ft wide

Growth Rate: Medium

Shade: Full Sun to partial shade

Adaptability: Prefer moist, well-drained soil, very tough urban tree for difficult conditions
