RZT24-001 Article 5: Uses & Use Conditions

Prepared by: Tommy Paradise

Meeting Date: May 15, 2024

SECTION 1: PROJECT SUMMARY

Project Name	Update to Table 5.1
Applicant	City of North Augusta
Proposed Text Amendment	A request from the City of North Augusta to amend Table 5.1 Use Matrix of the North Augusta Development Code to correct error in drafting residential uses in the DTMU1 and DTMU2 districts

SECTION 2: GENERAL DESCRIPTION

In working through the Development Code adopted by City Council on December 18, 2023, Planning Department staff believes that residential uses in the DTMU1 and DTMU2 were cited incorrectly and staff is requesting that Table 5.1 be amended.

SECTION 3: PLANNING COMMISSION CONSIDERATION

The Planning Commission is being asked to review the request for a text amendment based on the following provisions of the North Augusta Development Code:

5.1.4.6 Legislative and Advisory Hearings – The purpose of a legislative public hearing is to provide the public an opportunity to be heard consistent with the adoption procedures provided by statute. Unlike quasi-judicial hearings, a legislative proceeding does not require due process protections such as the right of the parties to offer evidence, cross-examination, sworn testimony; or written findings of fact. Like quasi-judicial hearings, legislative hearings are public hearings preceded by notice to interested parties. Public hearings are required for legislative review hearings such as amendments to a comprehensive plan, amendments to this Chapter including the zoning provisions of this Chapter and the Official Zoning Map, and applications for a Planned Development. The order of the proceedings for a legislative hearing shall be as set forth in §5.1.4.5.b. Testimony may be presented by any member of the public, but need not be submitted under oath or affirmation. The Planning Commission and Board of Zoning Appeals may establish a time limit for testimony.

5.3.2 Applicability

This section applies to any application for an amendment to the text of this Chapter or for an amendment to the Official Zoning Map. An amendment to the Official Zoning Map which reclassifies property from one zoning district to another is known as a “rezoning.” A change to the text of this Chapter is referred to as a “text amendment”.

5.3.3 Initiation

This Chapter, including the Official Zoning Map and any supporting map(s), may be amended from time to time by the City Council, but no amendment shall become effective unless it shall have been proposed by or shall have first been submitted to the Planning Commission for review and recommendation. Any communication purporting to be an application for a change shall be regarded as mere notice to seek relief until it is made in the form required. Upon receipt of any communication, the interested parties shall be supplied with the proper application form(s) by the Director.

5.3.3.2 Text Amendment – Any person, property owner, board, commission, department or the City Council may apply for a change in zoning ordinance text. A proceeding for approval of a text amendment may be initiated by filing an application with the Department. The application shall be signed by the applicant and shall include the language of the proposed amendment to the text of this Chapter and the justification for the proposed change. Before any application is accepted by the Department, it is recommended that the applicant meet with a representative of the Department. The purpose of the pre-application meeting is to discuss the procedures and requirements for a text amendment request. During the conference, the Department will identify the submittal requirements.

5.3.5 Decision

5.3.5.1 The Director shall transmit the application to the Planning Commission for consideration at the next regularly scheduled monthly meeting following receipt of a complete application, provided that the complete application is submitted at least thirty (30) calendar days prior to said meeting. Notice of the public hearing shall be provided as set forth in §5.1.3. The Planning Commission shall approve or deny the zoning amendment in accordance with the procedures for a legislative hearing as set forth in §5.1.4.6.

5.3.5.2 At least ten (10) days’ notice and opportunity to comment must be given to the public if the applicant is allowed to present oral or written comments pursuant to S.C. Code §6-29-760.

5.3.5.3 The Planning Commission shall submit its recommendation to the City Council within thirty (30) calendar days, or other period required by law, after the initial hearing date (see S.C. Code §6-29-760(A)). A majority vote is required for the Planning Commission to approve, approve with conditions, if applicable, or deny a rezoning or text amendment application. A recommendation of approval with conditions of a rezoning may be submitted only if a conditional use permit is requested pursuant to §5.5.

The City Council is not bound by the recommendation in making a final decision and may call for additional information and/or public hearing(s).

5.3.5.5 No challenge to the adequacy of notice or challenge to the validity of a rezoning or text amendment, whether enacted before or after the effective date of this section, may be made sixty (60) days after the decision of the City Council if there has been substantial compliance with the notice requirements of this section, with established procedures of the City Council and the Planning Commission and with S.C. Code §6-29.

5.3.6 Approval Criteria

Whenever the public necessity, safety or general welfare justifies such action, the Planning Commission may recommend amendments to the text of this Chapter or changes to zoning district boundaries. The Planning Commission shall consider all of the factors specified in this section, at a minimum, in reviewing an application for a rezoning. **The Planning Commission shall consider the factors specified in §5.3.3.2 in reviewing an application for a text amendment.**

SECTION 2: PLANNING COMMISSION CONSIDERATION

IV-CO, LLC, the property owner, has requested to annex parcel 012-11-14-001, approximately 3.65 acres, located at Lamback Way in Aiken County. The request is for the parcel to be zoned R-14, Large Lot, Single-Family Residential at the time of annexation.

Proposed annexations where the requested zoning is inconsistent with the Land Use Element of the Comprehensive Plan or differs from zoning on adjacent properties shall be reviewed by the Planning Commission in accordance with Article 18, Administration and Enforcement. The Planning Commission shall recommend to the City Council the appropriate zoning for the property to be annexed, modification to the Land Use Element of the Comprehensive Plan, or both.

SECTION 4: STAFF EVALUATION AND ANALYSIS

The parcel proposed for annexation currently is heavily wooded with road frontage from Lamback Way. The parcel has an unpaved driveway running through the middle of the property to have road frontage to the residential property that is situated behind the subject parcel. The applicant has requested the R-14, Large Lot, Single-Family Residential zoning district at the time of annexation. The Planning Commission is being asked to make a recommendation regarding the compatibility of the zoning classification of this property prior to annexation because the subject parcel’s future land use is Public.

The R-14, Large Lot, Single-Family Residential zoning district is described as the following:

4.12.1 R-14, Large Lot Single-Family Residential District – The purpose of this district is to recognize and promote the character of particular areas in North Augusta where single-family residential development is the predominant living environment. Changing patterns of work and home environments also create incentives to view the single-family dwelling as a place of work and residential living activities. for a variety of single-family housing types on small lots to meet market demands for smaller lot developments. It is also the intent of this district to balance higher densities with common open space.

The following uses are allowed in an R-14 zoning district per NADC 5.1 Use Matrix:

Primary Uses:

- Accessory Dwelling
- Bus Shelter
- Storage of Construction Equipment, Outdoor, Incidental to Construction Activities

Section 6.2 of the Comprehensive Plan promotes providing a more varied housing stock to attract and retain a more diverse population, especially in downtown and near employment centers.

Section 6.2.2 of the Comprehensive Plan encourages revising the zoning ordinance and map to incentivize a variety of housing types at higher densities. This is further supported by Section 4.2.4 to support the priorities and principles of the Aiken, Edgefield, and Saluda Counties Economic Development Partnership by providing housing in an area that is expanding with new industries.

Based on these descriptions and similarly zoned properties within the city limits, staff believes allowing R-14, Small Lot, Single Family Residential zoning is appropriate for the property.

SECTION 2: PLANNING COMMISSION CONSIDERATION

Section 18.11 of the North Augusta Development Code (NADC) provides uniform procedures for processing changes to the Official Zoning Map.

The Planning Commission must use the criteria established in NADC Section 18.11.5 to evaluate each application. These criteria are further analyzed in Section 6 of this report, but are as follows per NADC Section 18.11.5.1-10:

1. The size of the tract(s) in question.
2. Whether the proposal conforms with and furthers the goals of the Comprehensive Plan, other adopted plans, and the goals, objectives, and policies of this Chapter. Specifically, the Planning Commission shall consider the goals stated in §1.3.

3. The relationship of the uses envisioned under the proposed zoning and the uses currently present in adjacent tracts. Specifically, the Planning Commission shall consider the following questions:
 - a. Is the proposed rezoning compatible with the surrounding area?
 - b. Will there be any adverse effects on the capacity or safety of the portion of street network influenced by the proposed rezoning?
 - c. Will there be any adverse effects on existing or planned public utility services in the area?
 - d. Will the proposed rezoning cause parking problems?
 - e. Will the proposed rezoning generate environmental impacts such as excessive storm water runoff; water, air, or noise pollution; excessive nighttime lighting; or other nuisances?
4. Any recent change of character in the area due to installation of public facilities, other zone changes, new growth trends, deterioration and development.
5. The zoning districts and existing land uses of the surrounding properties.
6. If the subject property is suitable for the uses to which it has been restricted under the existing zoning classification.
7. If the rezoning is compatible with the adjacent neighborhood, especially residential neighborhood stability and character.
8. The length of time the subject property has remained vacant as zoned, if applicable.
9. If there is an adequate supply of land available in the subject area and the surrounding community to accommodate the zoning and community needs including, but not limited to, affordable housing and economic development.
10. If the existing zoning was in error at the time of adoption.

As referenced in item (2) above, NADC Section 1.3 states the following:

1.3. Comprehensive Development Code

The Development Code as established in this Chapter has been made in accordance with a comprehensive plan for the purpose of promoting health, safety, and the general welfare of the community. It is intended to consolidate in one place and in logical order, without unnecessary duplication, the city's regulations pertaining to land use and development. It is designed to make it possible for all of those concerned with land use and development to have access to all relevant city legislation in one convenient Chapter that is capable of being published and distributed as a separate and comprehensive segment of the Code of Ordinances, City of North Augusta, South Carolina, hereinafter referred to as the City Code, as a whole. The specific objectives of this Chapter are:

- 1.3.1 To protect the health, safety and general welfare; and

- 1.3.2 To promote new development forms that complete neighborhoods that:
- a. Are designed at a human scale by controlling massing and design that respects the architectural vernacular of North Augusta;
 - b. Foster communication among neighbors and connectivity to the larger community by allowing compact development patterns, interconnected street systems, short blocks;
 - c. Include or reinforce central places, such as North Augusta's traditional downtown and neighborhood commercial centers, civic gathering places, and open space;
 - d. Encourage walking and biking by the layout of blocks and streets;
 - e. Accommodate vehicular travel without allowing parking lots and streets to dominate the built environment;
 - f. Provide a mix of housing types, including housing affordable to all households and housing arrangements that foster neighborliness;
 - g. Provide a variety of spaces, including outdoor and passive outdoor uses, which become part of the public realm;
 - h. Design streets as outdoor rooms, with attention to pedestrian and bicyclist safety as well as to the safety of motorists;
 - i. Includes neighborhood design that responds to the natural, cultural and historic context;
 - j. Protect and preserve places and areas of historical, cultural, or architectural importance and significance; and
 - k. Are the result of a planning process that is inclusive and involves opportunities for negotiation between the designer and the City.

Planning Commission Action Requested:

The Planning Commission may recommend approval or denial of this request according to NADC § 18.11.4. The Planning Commission's recommendation is then forwarded to the City Council for their consideration per NADC § 18.11.4.1.

SECTION 3: PUBLIC NOTICE

Per NADC Article 18, a notice of the rezoning request and scheduled date of the Planning Commission public hearing was originally mailed to property owners within 200 feet of the subject property on April 23, 2024. The property was posted with the required public notice on April 24, 2024. A public notice of the rezoning request and scheduled date of the Planning Commission public hearing was published in *The Augusta Chronicle* and on the City's website at www.northaugustasc.gov on April 24, 2024.

SECTION 4: SITE HISTORY

The subject parcel is currently vacant, which was originally a part of a 5.27-acre parcel located between Powerhouse Road and the Palmetto Parkway Project. The property is intended to be used for a future single-family detached minor subdivision. The applicant is requesting to rezone ±3.65 acres, TPN 012-11-14-001, from P, Public Use to R-14, Large Lot, Single-Family Residential to facilitate the minor subdivision.

SECTION 5: EXISTING SITE CONDITIONS

	<u>Existing Land Use</u>	<u>Future Land Use</u>	<u>Zoning</u>
Subject Parcel	Vacant	Public	P, Public Use
North	Vacant	Public	P, Public Use
South	Single-Family Residential	Residential Single-Family	RC, Rural Conservation (Aiken County)
East	Vacant	Residential Single-Family	N/A
West	Vacant	Public	P, Public Use

Access – The property currently has road frontage from Lamback Way.

Topography – The subject property slopes steeply and receives drainage that flows across Lamback Way from the nearby City-owned property to the northwest (TPN 012-12-01-001).

Utilities – Water and sanitary sewer are available along Ascauga Lake Road.

Floodplain – The property is not located in a federally designated floodway.

Drainage Basin – The parcel is located in the Willow Springs Basin.

SECTION 6: STAFF EVALUATION AND ANALYSIS

Staff provides the following information for context related to the Commission’s deliberation. Descriptions and commentary added by staff will be *italicized*.

- 1. The size of the tract in question (§18.11.5).**

The total acreage of the requested rezoning is approximately 3.65 acres.

- 2. Whether the proposal conforms with and furthers the goals of the Comprehensive Plan, other adopted plans, and the goals, objectives, and policies of the Development Code, §1.2 (§18.11.5.2).**

The Comprehensive Plan Future Land Use Map shows this parcel as Public. The Comprehensive Plan Goal 4.3 prioritizes infill development. Existing infrastructure and amenities are available. Strategy 6.2 generally supports provision of varying home types to provide a more varied housing stock to attract and retain a more diverse population. The property borders vacant and heavily vegetated land that is owned by the City of North Augusta.

- 3. The relationship of the uses envisioned under the new zoning and the uses currently present in adjacent tracts. In particular, the Planning Commission shall consider whether as stated in NADC §18.11.5.3.**

- a. The proposed rezoning is compatible with the surrounding area;**

The surrounding area contains an approximately 45.36 acre heavily vegetated parcel that borders the subject parcel to the northwest. To the south of the property is a single-family residence that is not in the city limits of North Augusta, with a vacant parcel to the east with a dilapidated structure. The property is located in the vicinity of Powerhouse Road, Belvedere Clearwater Road, and Interstate 520. There are residential neighborhoods in the general vicinity of the subject property, with a middle school (Highland Springs Middle School) off of Belvedere Clearwater Road. The proposed rezoning is compatible with nearby development.

- b. There will be any adverse effects on the capacity or safety of the portion of street network influenced by the rezoning;**

Any negative effects on traffic flow will be mitigated prior to construction.

- c. There will be any adverse effects on existing or planned public utility services in the area;**

The minor subdivision will consist of four Single-family detached homes. Any infrastructure improvements must be provided by the developer. Staff notes that neither sewer or water are available for this parcel. If City water and sewer are

desired, the developer would be responsible for adding the extensions. Staff does not anticipate any issues with the provision of utilities.

d. Parking problems; or

Parking will be required to meet City standards at the time of site plan approval. Any waivers or variances must be addressed by the Board of Zoning Appeals, as applicable.

e. Environmental impacts that the new use will generate such as excessive storm water runoff, water, air, or noise pollution, excessive nighttime lighting or other nuisances.

Noise and lighting will be subject to the standards of the Development Code and Municipal Code, as applicable.

4. Any recent change of character in the area due to installation of public facilities, other zone changes, new growth trends, deterioration and development (§18.11.5.4).

The surrounding area has not seen any significant recent zoning changes; however, in the vicinity of Belvedere Clearwater Road, and I-520 is the newly constructed Highland Springs Middle School rezoned to P, Public Use, from PD, Planned Development. This development will be similar in character to the surrounding area at the beginning of Lamback Way.

5. The zoning districts and existing land uses of the surrounding properties (§18.11.5.5).

The proposed development is zoned P, Public Use and the surrounding properties are not within the city limits, with the exception of the City-owned parcel that is also zoned, P, Public Use. The surrounding properties that lie outside the city limits contain single-family residences or are vacant. The proposed residential use will provide additional housing options in this part of the City. The proposed development is compatible with surrounding area and existing developments.

6. Whether the subject property is suitable for the uses to which it has been restricted under the existing zoning classification (§18.11.5.6).

The subject property is suitable for residential development.

7. Whether the rezoning is compatible with the adjacent neighborhood, especially residential neighborhood stability and character (§18.11.5.7).

There are currently a few single-family homes located along Lamback Way with all of the housing in the vicinity being outside of the City limits. The proposed single-family detached homes would be compatible with the existing single-family homes in the area. One of the adjacent parcels is vacant, along with the City-owned heavily vegetated property that is zoned P, Public Use.

8. The length of time the subject property has remained vacant as zoned, if applicable (§18.11.5.8).

The current site is undeveloped and has been zoned P, Public Use since the adoption of the Official Zoning Map with the 2008 North Augusta Development Code and the adoption of the 2023 North Augusta Development Code.

9. Whether there is an adequate supply of land available in the subject area and the surrounding community to accommodate the zoning and community needs including, but not limited to, affordable housing and economic development (§18.11.5.9).

The change in zoning from P, Public Use to R-14 will diversify the available land for market-driven uses. There are not any large, undeveloped parcels within the City Limits in the surrounding area with R-14 zoning classification, so this will diversify the economic development in the area.

10. Whether the existing zoning was in error at the time of adoption (§18.11.5.10).

The subject parcel is in an area where most the surrounding area lies outside of the City limits. The adjacent parcel that lies within the City Limits has a similar zoning district and does not appear to have been an error at the time of adoption.

SECTION 7: RECOMMENDATION

The Department has determined the application is complete. Staff recommends that TPN 012-11-14-001 should be rezoned from P, Public Use to R-14.

The Planning Commission may recommend approval or denial of this request according to NADC § 17.4.
