Dear Ms. Miller:

This letter is written to present annual adjustment recommendations for maintaining the current competitiveness level of your pay structure and pay schedule. Our recommendation is based on an analysis of changes in the Consumer Price Index (CPI), the Employment Cost Index (ECI) and wage and salary survey data.

As you know, the CPI is a percentage measure of the change in the prices of consumer goods and services related to the cost of day-to-day living. The CPI is often used by organizations to determine the percent change in wages each year that would allow their employees to be able to purchase the same goods and services that they were able to purchase in the previous year. Employers use the CPI as the foundation for making cost of living adjustments (COLA) in their pay structure.

The ECI is a percentage measure of the change in the cost of maintaining a competitive labor supply. The ECI includes both a benefit component and a wage and salary component. The wage and salary component of the ECI is often used by employers to determine the percent change in wages each year that would ensure that their pay structures remain competitive in the labor market(s) in which they compete for their labor supply.

The annual CPI index and the annual ECI index reflect the changes that have taken place during the past 12-month period. For example:

The total changes in the CPI for the period from May 2005 to May 2006 were as follows:

All Urban Consumers	4.2 percent
All Urban Wage Earners	4.3 percent

For civilian workers, in your region, the total changes in the ECI for the southern region for the period from May 2005 to May 2006 were as follows:

Total Compensation	3.7 percent
Wage and Salary	2.8 percent
Benefit Costs	5.4 percent

Please note in the foregoing data that the change in the CPI is 4.3% and the change in the wage and salary component of the ECI is 2.8% for wage earners.

*A National Human Resources Management &
Organizational Development Consulting Firm*

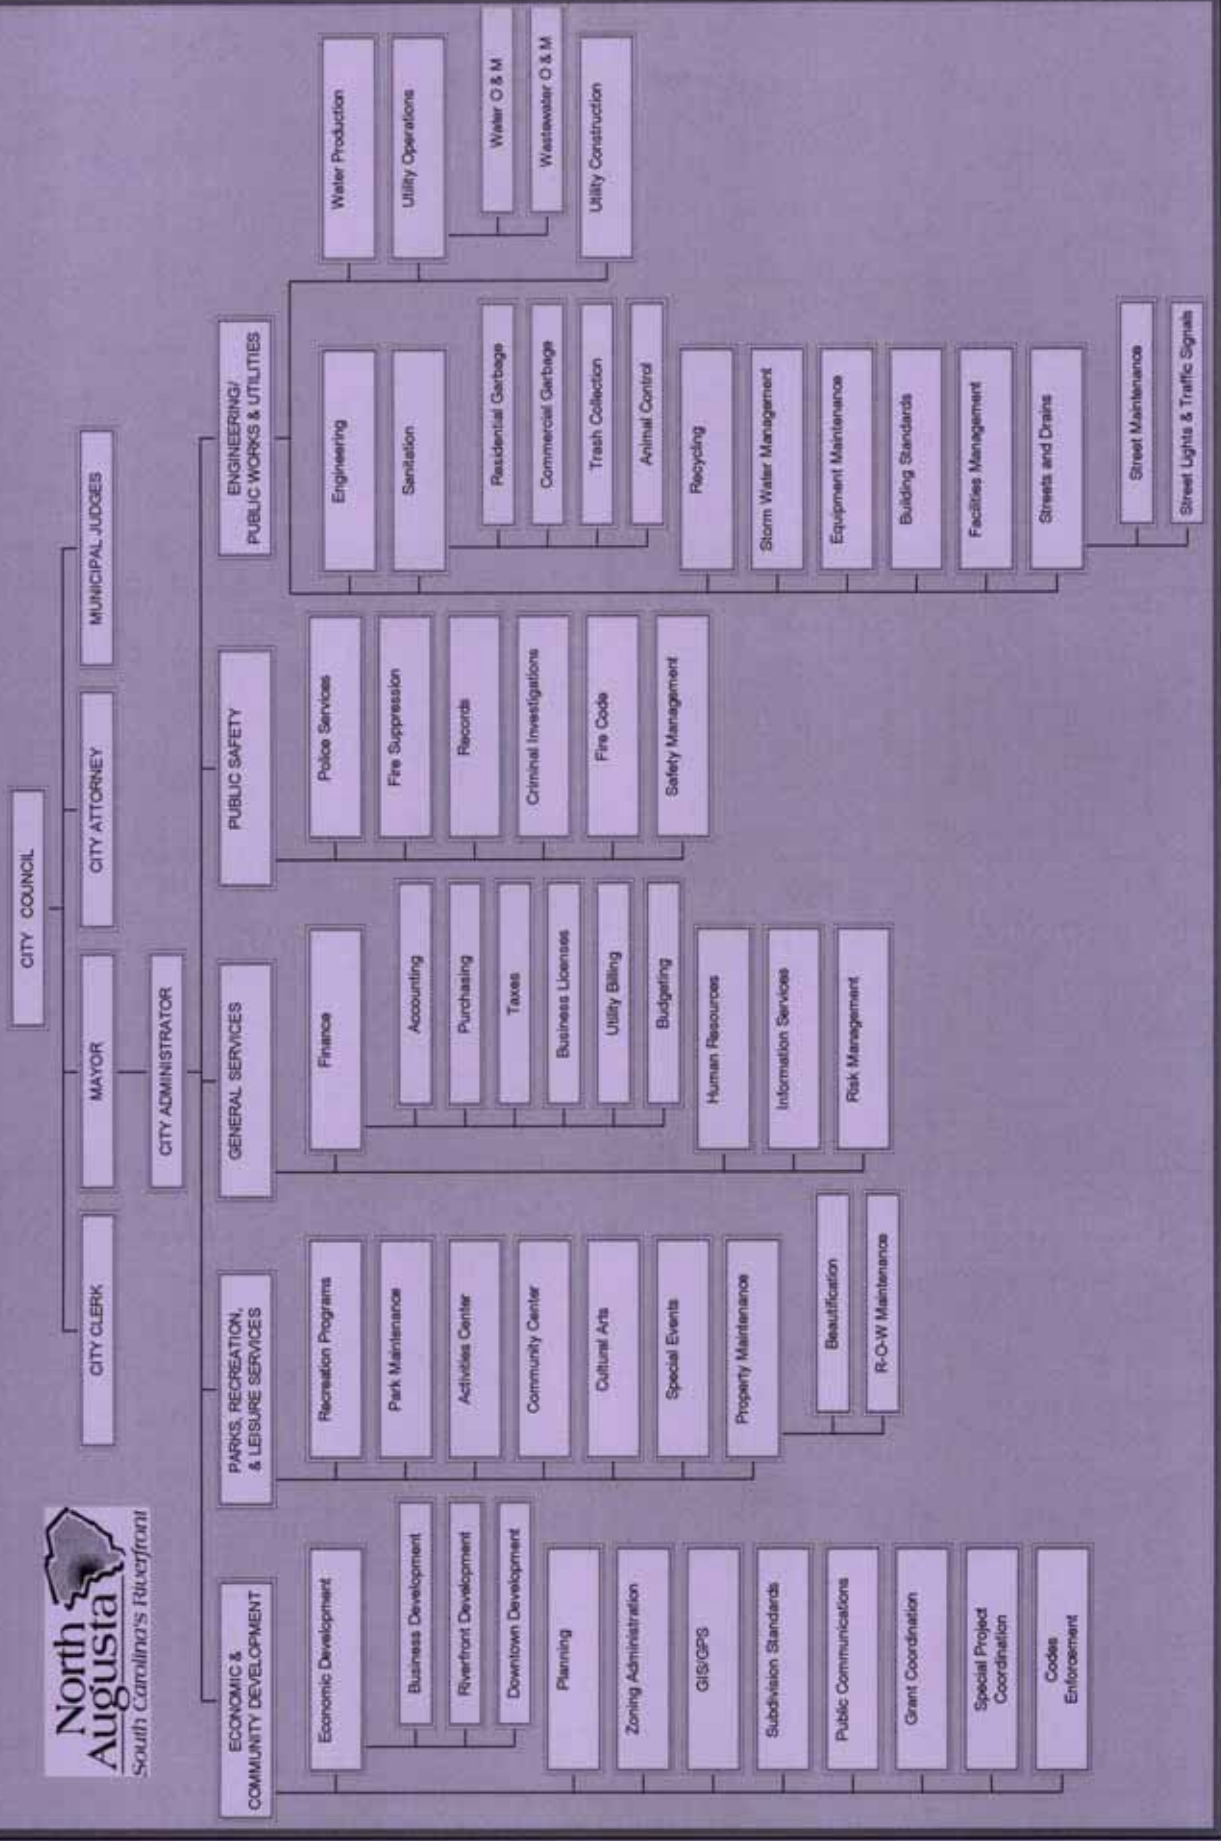

In general, we would recommend that organizations move their pay ranges forward somewhere between the CPI and the ECI, usually up to the ECI. However, if wage and salary survey data indicates otherwise, we might recommend more or less than the ECI but rarely less than the CPI. Within this context, our survey data for your area confirms that 3.55% is a viable reflection of the level of salary increases taking place in your labor market. In addition, third quarter data indicates that this figure is holding firm as we move toward 2007. **In accordance with the foregoing, therefore, we are recommending that all current pay ranges in your pay structure be increased by at least 3.55% for your upcoming fiscal year. If possible, given the strong upward movement in the CPI, it would be desirable if your pay ranges could be moved by 4.3%. In any instance, the increase should be no less than 2.8%.**

We are pleased to provide this information. Please feel free to contact us at (803) 366-2400 if you have further questions or concerns.

Sincerely,

Earnest R. Archer, Ph.D., P.E., SPHR
President

SUBJECT: Employee Fringe Benefit Program – 2007 Budget

We have recently completed a review of fringe benefits for City employees. As an employee for the City of North Augusta, we feel it's important that you realize the amount of annual contributions the City makes for your benefit above and beyond your regular salary. Listed below is information which should be of interest to you.

1. Vacation - 3.85%, 1-5 years; 5.77%, 10 years; 7.69%, over 15 years.
2. Sick leave - 4.62%.
3. Holidays - 4.23%.
4. Social Security - 7.65%.
5. Retirement – Regular, 8.71%; police, 10.7%.
6. Employee health, dental, and life insurance - Average 12.13%.
7. Workers' Compensation Insurance - Average 2.50%.

Totals:

	<u>Regular</u>	<u>Public Safety</u>
Under 5 years	43.69%	45.68%
10 years	45.61%	47.60%
Over 15 years	47.53%	49.52%

These percentages can be applied against gross salary in order to determine the monetary value of benefits the City provides each employee.

CITY OF NORTH AUGUSTA

August 29, 2006

Mr. John Potter
City Of North Augusta
P.O. Box 6400
North Augusta, SC 29861

Dear Mr. Potter:

If I understand correctly, your concern deals with North Augusta's cost settlement flow of (3.69097) being less than its billed flow of (3.69465), and still having a balance due (\$108,630.31). Please recall that the provisional rate is set by County Council at the beginning of each fiscal year based on estimated customer flows and an estimated budget. You were billed at 3.69465 MGD or 29.177 percent of estimated flow for FY0506.

At the end of the fiscal year when all sewer use is known and all costs are known, then cost settlement is performed with each customer being charged based on the customer's percentage of use. North Augusta's cost settlement flow was 3.69097, but its percentage of use increased to 31.732 percent. North Augusta's percentage increase is the result of the Avondale's closure and its effect on this year's cost settlement. What effect the Avondale closure will have on next year's cost settlement is unknown.

I have enclosed a spreadsheet detailing cost settlement flows and percentages. I agree that the methods are cumbersome and subject to various interpretations. It remains our objective to have billing flows and cost settlement flows coincide as nearly as possible as this would mitigate an annual problem for us. We would welcome ideas on refining or improving the system.

Please review the enclosed materials to see if they are of benefit to you. Following that, Andy Chavous, our plant director, and I will be glad to meet with you to discuss any questions you have. We will entertain any suggestions you may have on ways which will benefit estimating customer flows and improving the cost settlement process.

Yours truly,

AIKEN COUNTY PUBLIC SERVICE AUTHORITY

JESSE C. LYNCH MEMORIAL POST NO. 71
THE AMERICAN LEGION

P.O. BOX 6036
NORTH AUGUSTA, SOUTH CAROLINA 29861-6036

SUBJECT: Funding for Post 71's New Home

The current North Augusta American Legion Post 71 is over 50 years old and needs serious repairs and updating. It will seat only about 100 people. Our membership at this time is 400+. The building has been outgrown!

Legion members purchased (in 2004) a parcel of land on Austin Graybeal behind Public Safety Station No.#2 that has been approved for our building site. We paid \$55,000 for this property. Since this purchase, we have spent approximately \$48,000 for engineering studies and architectural services. The new building, as designed, is in the \$700,000 price range.

We now have \$220,000 in our building fund and have pledges of \$23,500 to be paid by December 2007. We have a commitment of \$10,000 from the North Augusta Sertoma Club, which will be received as soon as the ground is broken.

The fund-raising efforts are continuing. Our next effort will be a silent/live dinner-auction on August 12. At that time, the drawing for a PT Cruiser (already paid) will be held. We have applied to Aiken County for another grant from the tourist tax money, as wells as to the State Competitive Grants Committee. Several letters have been sent to large companies asking for help.

The Post began a fund drive to build the new building in late 2004. The City was approached about the possibility of purchasing our forty (40) years remaining on the property lease. Over several meetings, a possibility arose for the City to make use of the property. This included the "wetlands" that the City needed for a City project. This part of the property was turned over to the City

We request that the City accept the remaining land in exchange for money which will help the Post secure a bank loan and get the project started. We feel that if the City would commit to \$50,000 per year for three years, we could get a loan, secure a contract, and start building. We are not asking for a handout. We are asking for the City to buy out the lease, part of which we have already transferred in good faith to the City.

The new building will be one of which the City can be proud. It will be used for conferences, weddings, parties, and other civic functions..

Please consider doing this, not just for the veterans, but for the City.

Community Service

The American Legion recognizes that the community is an important part of our American way of life. Throughout its history, Post 71 has made lasting contributions toward making the North Augusta community a better place to live. Community service projects often place special emphasis on the organization of safety-first campaigns, the elimination of fire hazards and the erection of living memorials.

Legion Post 71 Youth Programs

The youth activities of Post 71 are designed to build mental and moral courage in youth, to cultivate strong character, wholesome ideals, an appreciation for their heritage of freedom, and to develop civic responsibility in our nation's future citizens.

School Citizenship Program

For over 30 years, the American Legion has worked hand in hand with the North Augusta High School

senior class. The high school awards program recognizes the most outstanding young man and young woman of the graduating class. The school awards program is designed to place special emphasis on the development of the qualities of courage, honor, leadership, patriotism, scholarship and service. Promoting the development of these qualities encourages young people to live their lives as good citizens.

Flag Education

The American Legion was instrumental in convening the first National flag conference in 1923. At this meeting, organizations formulated rules of civilian flag courtesy, which later became the Flag Code adopted by The United States Congress in 1942. Post 71 carries a wide variety of flags that we sell at no profit. We also provide a free retirement ceremony for old flags on Flag Day each year. This retirement ceremony returns respect to the unifying symbol for our great country. Legion Post 71 also hands out volumes of flag code literature each year.

Flag Day Retirement Ceremony with help from North Augusta High School NROTC

Palmetto Boys State

The Palmetto Boys State program is one of the most well respected government instructional programs in the nation. Post 71 has participated in Palmetto Boys State for over five decades and continues to provide select young men in our community with this leadership opportunity. During Boys State, high school juniors are exposed to the rights and privileges, the duties and responsibilities of a franchised American citizen. The training is objective and practical with city, county and state governments operated by elected and appointed officials duly placed in office by citizens of their respective Boys State. Activities include legislative sessions, court proceedings, and law enforcement presentations, as well as cultural and recreational programs.

American Legion Post 71's VA Bingo parties in Christmas provide a special event for those away from family.

Veterans Affairs & Rehabilitation

Post 71 is an organization of veterans serving other veterans, their widows and widowers, and their orphans. To this end, the legion was instrumental in the creation of the Department of Veterans Affairs. It is recognized as the originator of the GI Bill of Rights, which has allowed millions to attend college. Post 71 volunteers have been instrumental in keeping veterans of both area VA hospitals happy and content to receive the quality of medical care they deserve and expect from the country they helped defend. Post 71 has a monthly Bingo game in the uptown VA hospital. All who play are fed hot dogs and chips, and winners receive cash awards. Twice a month, rehabilitation patients from the hospital are brought to Post 71 for breakfast. This event is free of charge and allows the vets to have breakfast with fellow comrades and get some needed recreational therapy.

Nathan M. Wolfe South Carolina Law Enforcement Cadet Academy

The S.C. Law Enforcement Cadet Academy was named for the late Nat Wolfe, who dedicated 30 years to the school. Nat was a member of Post 71. Celebrating 30 years in operation, the Academy introduces high school students who are aspiring to be law enforcement officers to the Criminal Justice Academy in Columbia. Participants stay for a week doing physical and firearms training, plus other intense law enforcement activities.

Wade Hampton Veterans Park

In November 1992, Mayor and Legionsaire Thomas Greene appointed a committee consisting of members of City Council and American Legion Post #71 to propose renovations to the park. A layout proposal was presented to the City Council in December. In February 1993, the committee was asked to proceed with the renovation. The renovated park was rededicated on July 4, 1993. In those short months, \$50,000 was raised through brick donations to cover the cost of the renovations. The park was renamed Wade Hampton Park. Today the park consists of 11 monuments. At the dedication, 10 were erected; the eleventh was added later — dedicated to Panama, Grenada, and Persian Gulf-era veterans. The monuments serve as silent reminders of the cost of freedom and give tribute to soldiers' sacrifices.

Present day Wade Hampton Park is a tribute to veterans of today and days gone by. American Legion Post 71 plays a key role in funding for the flags that fly in the park.

NJROTC Recognition Programs

Each year, Post 71 presents North Augusta High School NJROTC student awards for Military Excellence and also presents Scholastic Excellence Medals to outstanding high school students.

American Legion Post 71 is a vital contributor to both the NJROTC and the North Augusta Yellow Jacket Club.

American Education Week

The American Legion has a long standing interest and commitment to American Education. Post 71 believes a strong educational program is important and significant in maintaining American traditions and instilling in our young people a sense of personal obligation and responsibility.

Post 71 has long been a key educator with our youth. From proper handling of the flag to one-day residents and respect for those in the military, the Legion has worked to instill a sense of individual obligation to the community, state, and nation.

Ladies Auxiliary Unit 71

The Ladies Auxiliary Unit 71 shares our Post home. They sponsor Palmetto Girls State, Citizenship essay programs, and community service projects (such as Bingo parties at National Health Care and monthly Red Cross Blood Drive assistance). They help with barbecue dinners, sponsor ice cream parties for Alzheimer patients at the Veterans Hospital, and sell poppies during Memorial Day weekend to help with expenses for those parties.

Contributing to the Future

Since 1932, the American Legion in North Augusta has been one of the premier organizations in the area. Since the days of Post 71's first commander, James C. Bush, our dedication to the community, state and nation has only grown stronger. Post 71 continues to fund many programs throughout the area. Our ultimate goal is to have PEACE. Until that day, we will continue to help the sick and their families, to teach the children, and to preserve the history and individual experiences associated with all wars. Our all volunteer force is looking forward to another 75 years with their help. The American Legion family would not exist without our Ladies Auxiliary Unit 71, who also shares the Post home with us.

CITY OF NORTH AUGUSTA

Dear Charles:

Please find attached the request for financial assistance from the City of North Augusta to support the Best Friend Express. As you will note, we are requesting \$10,000 for this project. This does represent an increase over North Augusta's appropriation in the past, and we hope that the attached narrative will adequately detail the need for the additional funds. We are extremely proud of the new improvements we have made to the system. We are receiving very positive feedback on the expanded route and the shortened travel times.

We are extremely appreciative of the assistance the Best Friend Express has received from the City of North Augusta in the past and hope that Council will continue to support this vital effort.

Please let me know if you have any questions concerning the request.

Sincerely,

F. Wayne Rogers
Executive Director

BEST FRIEND EXPRESS

REQUEST FOR FUNDING AUGUST 2006

Submitted by: Lower Savannah Council of Governments
P. O. Box 850, Aiken, S. C. 29802
803 649-7981; fax 803 649-2248

The Best Friend Express transit system has been offered to citizens of Aiken County since 1990. Although the system has experienced some problems in the past, in November 2004, management of the system was transferred by Aiken County to the Lower Savannah Council of Governments. In less than two years, routes have been refined, comfortable and reliable vehicles put into service, fares have increased for the first time since 1990, and the general public is offering positive feedback on the new structure of the system. During July 2006, the Federal Transit Administration conducted an intensive two-day monitoring of the system's management and operation. The results of that review were extremely positive, and although there are still areas that need to be improved, the public is experiencing an improved travel experience.

The Best Friend Express connected with the August Transit System in May, 2005, and ridership from Augusta into North Augusta for shopping and recreation is very strong. Obviously, this migration of riders from Georgia into North Augusta has a positive economic impact for North Augusta.

The Best Friend Express currently operates a circulator route from North Augusta to Aiken Tech every two hours. The route reaches service agencies in North Augusta, shopping areas such as Walmart and Hamricks, and travels to Riverview Park. Those riding the system to Aiken Tech can attend classes, knowing that they will have a reliable ride back to North Augusta, or they can travel into Aiken. Many of the riders are dependent on the system to get back and forth to work each day.

The statistics for fiscal year 2006 show that riders took 19,902 one-way trips on the Best Friend Express, which is up from 17,027 in 2005. Ridership in the North Augusta area is averaging 1,659 riders per month. Fares collected over the 12-month period have resulted in \$11,573 for just the North Augusta area.

When the current ridership in the North Augusta area for fiscal year 2006 is compared to the 2006 financial contribution by North Augusta, it shows that the cost to North Augusta for the system is approximately 25 cents per rider. A complete copy of the statistical information for the system from July 1, 2005 through June 30, 2006 is attached for your review.

We appreciate the patience North Augusta officials have shown as Lower Savannah worked to improve this transit system. With route changes and fare increases behind us, Lower Savannah will now focus on enhancing routes, improving the marketing image of the Best Friend Express, and strengthening the ridership statistics. We certainly hope that

the City of North Augusta will give strong consideration to increasing its contribution to the Best Friend Express from \$5,000 to \$10,000 for the new budget period. We hope that the system is now better meeting the needs of North Augusta residents than it has in the past and that the new route changes will only serve to further enhance the system for your citizens. All of the requested funds will be used to pay for service delivery. None of the requested funds are used by Lower Savannah Council of Governments.

Our staff is available to discuss this project with you in greater detail or to answer any questions you may have. We are pleased to participate in this partnership between North Augusta and the Best Friend Express. Your endorsement of this system through financial contribution is vitally important to its continued success.

CITY OF NORTH AUGUSTA

Dear Mr. Charles Martin and City Council:

We would like to request that the City consider a break on utilities or provide a grant to CMONA as part of your budget for the next fiscal year. CMONA is a faith based charitable organization which is supported by 22 churches of many denominations in the Area 2 School District. Any help we can get will allow us to aid more needy families in our area and pay more water bills.

In just the first half of this year we paid an average of \$364.17 worth of our clients' water bills per month. These clients were all interviewed to see if their need was real and if our help would provide the assistance that might help them get over a crisis in their limited budgets. In addition we helped with gas and electric bills that averaged \$3,648.00 per month for the first half of the year. We also help with prescriptions, food, and clothing. We helped 452 families which amounted to 1,177 people. We estimate our food given out at \$42,300.00 for the first half of this year as well. We sometimes help with furniture and household goods. If you would like to know more about our administration and budgeting you may call Dollie Vines, our director, Leo Shelton, our president, or Suzanne Fletcher, our treasurer.

CMONA is a point of light in our community for which we can all be proud. We believe an investment by the city will help more people and provide fewer losses due to nonpayment of bills.

CMONA's utility bill is usually \$160.00 - \$200.00 monthly. A \$2,400.00 grant would be helpful in that area. However, if our vision is too small, please revise this number up. We would, needless to say, be pleased with anything which would be reasonable from the City's viewpoint.

We thank you in advance for your consideration.

Sincerely,

Dollie Vines
Director

CITY OF NORTH AUGUSTA

Dear Charles,

Last November the 2005 BRAC Commission Report became law and Fort Gordon was officially spared from this latest round of base realignment and closure.

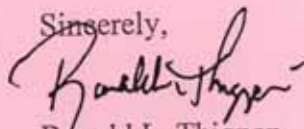

The primary reason Fort Gordon survived was its military value - the ability to efficiently and effectively perform assigned missions and its potential to support new missions. Other major contributing factors, however, were the strong community support for our servicemembers and their families and the outstanding quality of life enjoyed by CSRA residents.

It is important that we maintain the momentum established over the past 3 years. Given the current budget challenges facing our government and the Department of Defense, we cannot afford to assume Fort Gordon will not face realignment or closure in the future. We must shift our focus from surviving BRAC to strengthening the military value of Fort Gordon and the CSRA. We must continue to enhance our relationship and advocate the needs of the installation, and, in so doing, capitalize on the many economic opportunities available. While we have many military-civilian partnerships within the medical community, we have yet to effectively tap into the Fort's information technology capabilities. The CSRA is a renowned medical center of excellence. We could easily become an information technology center of excellence through partnerships and business opportunities with Fort Gordon, the Army's premier IT center.

We have established an annual budget for the CSRA Alliance not to exceed \$125,000 for one staff member, travel, printing, advertising, and general office expenses. Augusta and Columbia County have agreed to fund \$50,000, with the balance coming from the private sector and/or other government sources. The City of North Augusta supported our efforts during the BRAC campaign with \$2,500 per year for 3 years. We ask that you continue your support in the amount of \$1,000 per year.

The Alliance will continue to work for the betterment of the entire CSRA. We hope we can count on your continued support of our efforts.

Sincerely,

Ronald L. Thigpen
Chairman

CITY OF NORTH AUGUSTA

July 24, 2006

Mr. Charles B. Martin, City Administrator
City of North Augusta
P.O. Box 6400
North Augusta, SC 29861

Dear Charles,

The North Augusta Cultural Arts Council would like to request that the City of North Augusta continue to include \$11,000.00 in the budget for 2007 to continue its support of North Augusta Arts programs. Enclosed is a financial summary for 2006 to date, our projected income and expenses for the balance of 2006, and our projected budget for 2007.

This year the Arts Council expanded the Music in the Park Series to 11 weekly concerts and it has been most successful. The location in Maude Edenfield Park is working well, the attendance has been excellent, and we have only had one concert moved inside because of rain. The concerts have been well received and over 3000 people have attended..

In March we presented the second North Augusta Idol Contest and the finals played to a packed house at the Auditorium. We also held a competitive student art show in conjunction with the Idol finals with 250-300 entries, encompassing all schools in Area II. One of our Music in the Park concerts featured the winners of the various divisions of the Idol contest.

This year for the first time we have begun a Children's Theater program under the direction of Andra Syms. This group will perform on July 27 and 28 at the High School Auditorium.

As part of the Centennial celebration the Arts Council presented a new group of 30 street banners. Also on August 19 there will be an open house to present a display of the winners of the Centennial Photography contest. About 90 entries were received depicting various aspects of North Augusta on its 100th birthday.

Upcoming events in the fall will be support for the art and music presentations at the Living History Encampment in October and a Veteran's Day Concert on November 9th with Savannah Winds. On November 16th we will celebrate the 10th Anniversary of the Arts Council with a special concert featuring the U.S. Air Force Heritage Band.

We have continued to support art and music programs in Area II schools through small grants. Last fall due to special support from area businesses we were able to fund 12 art and music programs totaling \$2900. In addition 3 other grants were referred to North Augusta 2000 and were funded by them because the requests fit their diversity program. These programs benefited over 3000 students, expanding their awareness of various aspects of the arts.

We have been contacted by the Augusta Symphony again asking us to participate in their Music to the People program, and they will perform in North Augusta in March 2007. We were recently notified that we will again receive operational grant support in 2007 from the South Carolina Commission for the Arts.

We hope that the City Council will approve our budget request. The funds we receive from the City are a crucial part of the support we need for programs such as Music in the Park, the Children's Theater, the student Art Show, and the school grant programs. We appreciate your support in the past, and the opportunities we have had to work with the City during the past ten years. If you or City Council members have any questions, we will be happy to meet with you at any time during the budgeting process. Thank you.

Sincerely,

John Hexamer, President

Dear Charles:

Support of the Economic Development Partnership from the business community and our major municipalities is crucial to our ability to attract new companies into Aiken County. I am asking for your support in 2006 and 2007. While the economic downturn the nation experienced three years ago has been reversed to some extent, we are not back to where we want to be. Over the past year, the Aiken County economy has seen both record expansions and record plant closings. Nearly all of our major industries have announced expansion plans, but at the same time Avondale Mills, our largest private sector employer, announced it was closing its operation. Our existing industries have picked up a number of the former Avondale employees, and at the same time we have increased our efforts to bring in new industries. We have also been fortunate that Fuel Cell and Hydrogen technology has come to the forefront and we are actively pursuing the development of those technologies through the Center for Hydrogen Research.

I appreciate North Augusta's support of the Partnership's efforts to bring new industry to Aiken and Edgefield Counties. Our initiatives require funding if we are to be successful as the economy turns around. I am asking that you consider continuing your support for this year in the amount of \$10,000.00

I will be happy to answer any questions you may have regarding our program and can be reached at 803-641-3300.

Sincerely,

Dear Mr. Martin:

On behalf of the Heritage Council of North Augusta and the James U. Jackson Statue Committee I would like to request \$10,000.00, less any amount received from the \$10,000.00 contingent funding from the FY06 Centennial fund, be included in the FY07 budget for the James U. Jackson Statue Project.

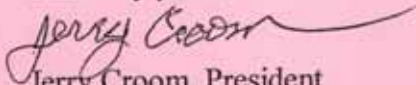

The fund raising campaign has gone well. We have raised \$92,150.00. Of which \$76,025 is in cash or grants and \$15,125 remains in pledges (\$10,000 City, \$5,000 Riverfront).

Fund raising expenses have been \$966 which has been offset by \$1006 in interest.

Project cost is as follow:

Dear Charles,

On behalf of the North Augusta Chamber of Commerce and the >400 businesses whom we serve, thank you for the City of North Augusta's past support to our annual program of work. We propose to continue our long standing partnership and respectfully request \$20,000 in support of the 2007 Chamber of Commerce operational budget.

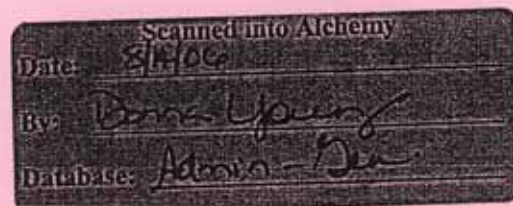

We recognize this amount is greater than past requests or actual support. However, we believe it to be a fair request given the ongoing mission of the Chamber to serve and support the community of North Augusta, and in particular in light of our many efforts to utilize Chamber resources to support the City and our residents. As an example, the Chamber recently entered into an agreement with Bell South whereas in exchange for Chamber recognition and services, the cover of local copies of the 2007 Real Yellow Pages feature North Augusta and its centennial celebration in lieu of more generic cover art. The cost for this recognition was entirely supported by the Chamber through our various sponsorship and recognition programs.

Additionally, the strategic initiatives set by our Board of Directors continue to be in direct support of the North Augusta community. This year, in addition to our ongoing missions of reaching financial stability within our operations and enhancing and promoting the image of the Chamber and the community in which it serves, we have strived to partner with the City, NA 2000, and others to ensure we focus on those areas where we can bring the most benefit. More ideas will come from our strategic initiative development scheduled for the fall, where we are already hearing great new ideas from our membership such as how we can positively impact tourism in North Augusta.

We continue to take great pride in serving as North Augusta's "front door" to visitors and potential citizens, and welcome additional opportunities to work in supporting progressive and smart growth in North Augusta.

Most sincerely,

Mayor and Council and Mr. Charles Martin
City of North Augusta
North Augusta, SC 29841

Dear Mayor, Council, and Mr. Martin:

At this time, the Olde Towne Preservation Association of North Augusta would like to request funding for the upcoming budget year 2007 for \$8,800.00 for the Living History Park. 99.3% of all funding and donations go in to the Park and the events that we promote. As in the past, we plan to use this money to match grants that we have received and are applying for as well. We plan to continue to promote North Augusta, The Living History Park and Sensory Garden. We operate with a non-paid volunteer staff.

With the completion of the Sensory Garden at the entrance to the Living History Park this fall, the garden will be an added treat for the citizens and visitors alike to our wonderful city.

As you know, the Living History Park is used and loved by the general public for picnics, weddings, a quiet place to relax, and **Colonial Times** "A Day to Remember" event in the fall, October 21-22, 2006, "Christmas for the Birds" and the park will be featured in the North Augusta Tour in December 2, 2006. In the spring, **Artisans' Fair**, April 20-22, 2007 & **Colonial Times** "Under the Crown", June 2-3, 2007.

This park continues to be a documented regional tourist attraction received "Southeastern Tourisms" Top 20 Events for October 2000 and 2004 and is a South Carolina National Heritage Corridor site. The Living History Park continues to grow and promote **tourism** and **history**. The Living History Park is a gem in North Augusta; thank you for your past support.

We are actively working to enhance our funding and to make the funds that we generate have the greatest impact. In that vein, we are pleased to let you know we have a new sponsor for advertisement, The Augusta Chronicle; this is a wonderful addition to our other prominent sponsors, News 12 and WBBQ. We urge you to consider this request that will allow us to continue our work of improving the park and promoting North Augusta.

Sincerely,

CITY OF NORTH AUGUSTA

July 25, 2006

Mr. Charles B. Martin
City Administrator
City of North Augusta
P. O. Box 6400
North Augusta, SC 29861-6400

Dear Mr. Martin:

Thank you for your letter of July 15, 2005 informing me of the upcoming budget deliberations for the City of North Augusta. Public Education Partners is most grateful for the support of the City these past several years.

Last year, with PEP funding, training and supplies, Mossy Creek Elementary School was able to start Great Leaps Reading. The project was extremely successful. Sixty-eight children had daily reading mentors, and fluency increased on average 31 words per minute, a tremendous gain for such young readers. Another 31 students at North Augusta Elementary and 43 at Hammond Hill also participated in Great Leaps. We are very proud of this program and its success in the North Augusta schools.

All eighth graders attended Career Quest, sponsored in part by Public Education Partners, and we coordinated agencies across Aiken County to offer Summer Institute for teachers. On May 23rd PEP was the featured presenter to the North Augusta Rotary Club.

Looking ahead to next school year, we will of course continue to support Great Leaps Reading. We have already awarded three small grants of \$500 to Hammond Hills and Paul Knox Middle Schools. Our Board has been most ably led these past two years by your citizens, Mr. Phil Mottel and Mr. Brian Tucker as chairs, and we are happy that Rep. Don Smith will be joining the Board this year. PEP is extremely fortunate to have leadership from North Augusta take such an active role.

We respectfully request a grant of \$3,000 from City Council to continue our work in the public schools of Area Two. Our Board is meeting next month to finalize a major new strategic plan for education improvement throughout the

County, partly in response to the comments of citizens expressed through *Together Aiken County*. PEP will be taking an active role to see that those goals and aspirations take concrete form in projects and initiatives that strengthen our community for all our citizens. Your comments and suggestions are always welcome.

Thank you for your consideration of this request.

Sincerely,

Diane M. Mangiante
Executive Director

CITY OF NORTH AUGUSTA

Dear Mr. Martin:

Enclosed are the 2005-2006 budget (subject to audit) of Public Education Partners and our working budget for 2006-2007 school year. I have highlighted in yellow those programs from 2005-2006 that directly benefited the schools of Area 2.

Our board of directors and staff are working now to develop a long-range, five year plan of work. The board will meet in retreat on August 19 to finalize that document, and we are please that our chair from last year, Mr. Brian Tucker, will be present to assist that process. In addition, we are honored to have Rep. Don Smith joining the board for 2006-2009.

If you have any other questions or require further documents, please do not hesitate to contact us at 649-9040.

Thank you for considering our request for support of our work in Area 2.

Sincerely,

Diane M. Mangiante
Executive Director

CITY OF NORTH AUGUSTA

August 17, 2006

Charles Martin
City Administrator
City of North Augusta
P O Box 6400
North Augusta, SC 29861

Dear Charles,

Thank you for your financial commitment to The North Augusta 2000 Community Foundation. We have experienced tremendous success during the first five years of operation. This success is due to the commitment of investors, volunteers, civic clubs and partnerships with the City, the school district, Chamber of Commerce and other non-profit organizations.

The Board approved the new Strategic Plan for 2007-2011 in June and we have begun the search for a fundraising firm to start the new fundraising campaign during 2006. We will begin the 2007 budget process based on investor commitments. All original 5-year pledges will be paid out in 2006.

We respectfully request the City of North Augusta continue their annual support in the amount of \$60,000 for 2007.

We look forward to our continued partnership and collaboration to establish North Augusta as one of the best small cities in America. If you have any questions or need additional information please do not hesitate to contact me at (803) 510-0011.

Sincerely,

Kathy Gilliland
Executive Director
North Augusta 2000 Community Foundation
