Ms. Diana Miller
 Manager of Human Resources
 City of North Augusta
 P.O. Box 6400
 North Augusta, South Carolina 29861-6400

Dear Ms. Miller:

This letter is written to present annual adjustment recommendations for maintaining the current competitiveness level of your pay structure and pay schedule. Our recommendation is based on an analysis of changes in the Consumer Price Index (CPI), the Employment Cost Index (ECI) and wage and salary survey data.

As you know, the CPI is a percentage measure of the change in the prices of consumer goods and services related to the cost of day-to-day living. The CPI is often used by organizations to determine the percent change in wages each year that would allow their employees to be able to purchase the same goods and services that they were able to purchase in the previous year. Employers use the CPI as the foundation for making cost of living adjustments (COLA) in their pay structure.

The ECI is a percentage measure of the change in the cost of maintaining a competitive labor supply. The ECI includes both a benefit component and a wage and salary component. The wage and salary component of the ECI is often used by employers to determine the percent change in wages each year that would ensure that their pay structures remain competitive in the labor market(s) in which they compete for their labor supply.

The annual CPI index and the annual ECI index reflect the changes that have taken place during the past 12-month period. For example:

The total changes in the CPI for the period from March 2006 to March 2007 were as follows:

All Urban Consumers	2.3 percent
All Urban Wage Earners	2.5 percent

For civilian workers, in your region, the total changes in the ECI for the southern region for the period from March 2006 to March 2007 were as follows:

Total Compensation	4.1 percent
Wage and Salary	3.7 percent
Benefit Costs	5.2 percent

Please note in the foregoing data that the change in the CPI is 2.5% and the change in the wage and salary component of the ECI is 3.7% for wage earners.

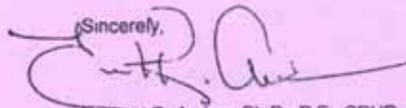

*Human Resources Management &
 nal Development Consulting Firm*

In general, we would recommend that organizations move their pay ranges forward somewhere between the CPI and the ECI, usually up to the ECI. However, if wage and salary survey data indicates otherwise, we might recommend more or less than the ECI but rarely less than the CPI. Within this context, our survey data for your area confirms that 3.7% is a viable reflection of the level of salary increases taking place in your labor market. This figure is holding firm as we move into 2007. **In accordance with the foregoing, therefore, we are recommending that all current pay ranges in your pay structure be increased by at least 3.7% for your upcoming fiscal year.**

Please note that the recommended 3.7% is inclusive of both the CPI adjustments and the merit adjustments being paid by employers in the labor markets in which the City competes for its labor supply.

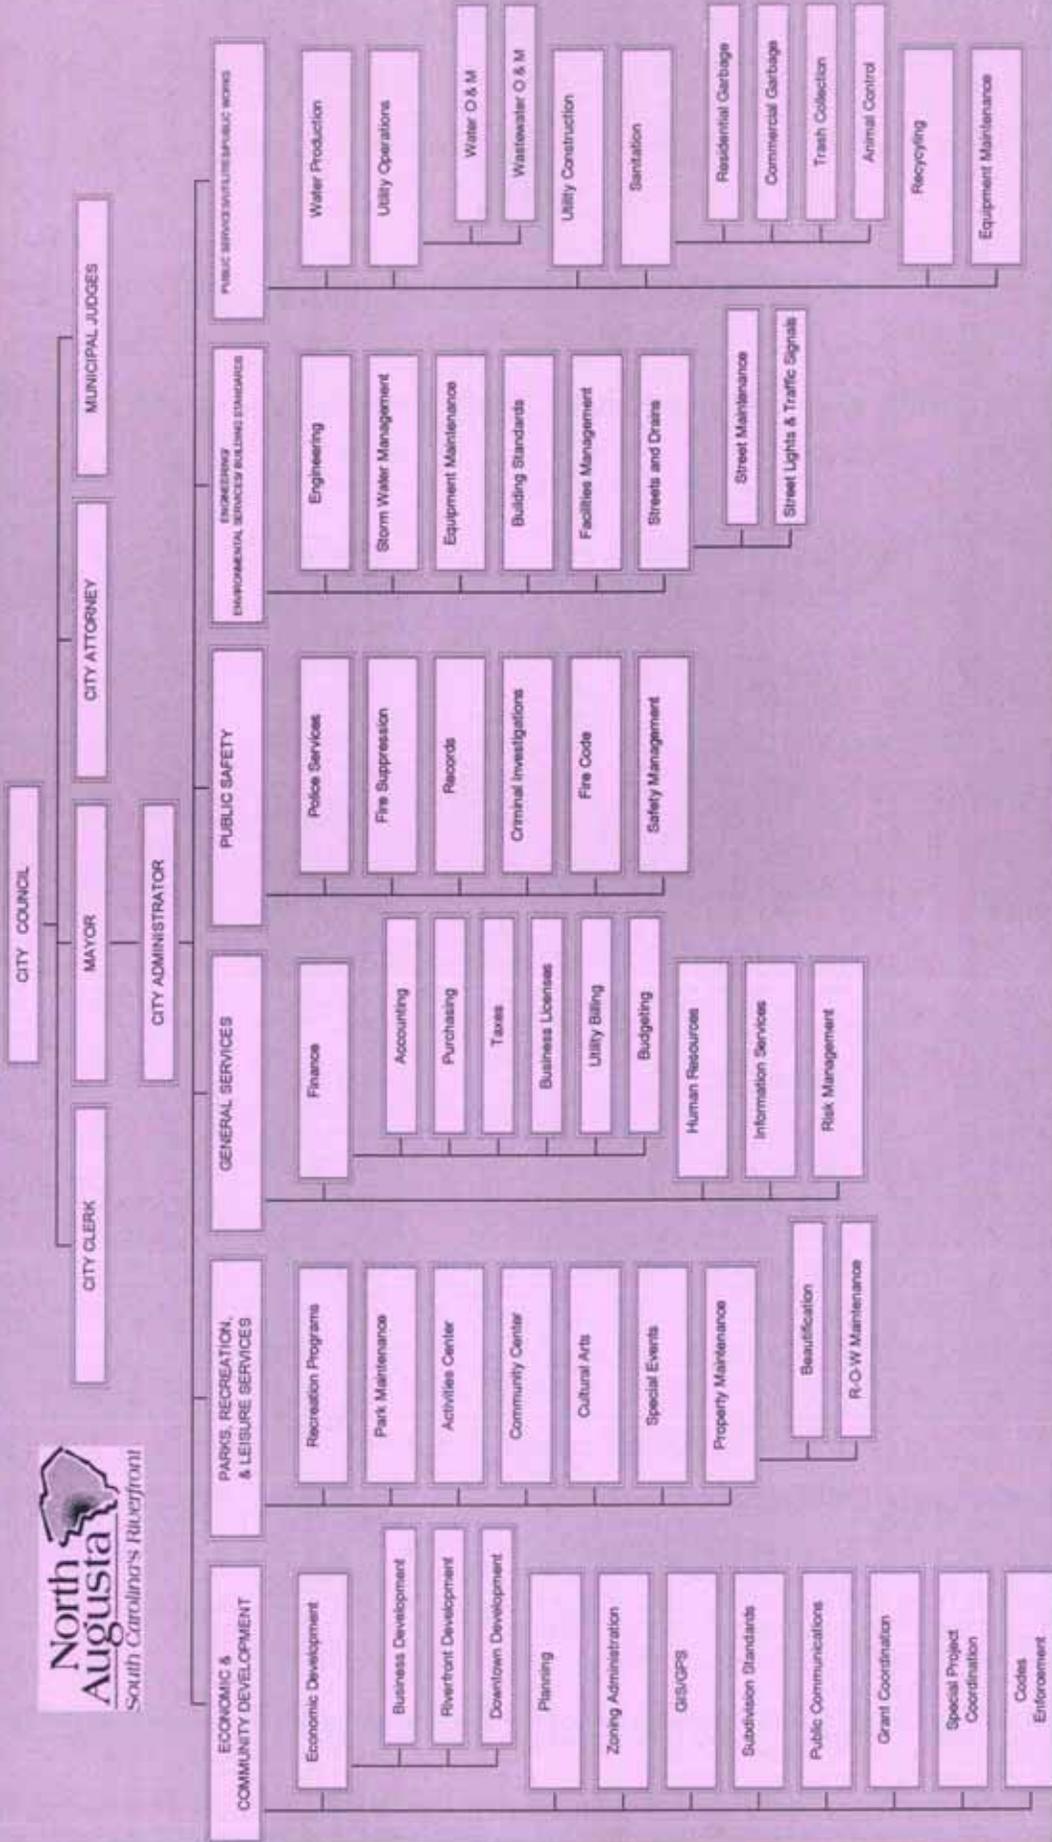

We are pleased to provide this information. Please feel free to contact us at (803) 366-2400 if you have further questions or concerns.

Sincerely,

Ernest R. Archer, Ph.D., P.E., SPHR
President

SUBJECT: Employee Fringe Benefit Program – 2008 Budget

We have recently completed a review of fringe benefits for City employees. As an employee for the City of North Augusta, we feel it's important that you realize the amount of annual contributions the City makes for your benefit above and beyond your regular salary. Listed below is information which should be of interest to you.

1. Vacation - 3.85%, 1-5 years; 5.77%, 10 years; 7.69%, over 15 years.
2. Sick leave - 4.62%.
3. Holidays - 4.23%.
4. Social Security - 7.65%.
5. Retirement – Regular, 9.30%; police, 10.88%.
6. Employee health, dental, and life insurance - Average 12.06%.
7. Workers' Compensation Insurance - Average 2.82%.

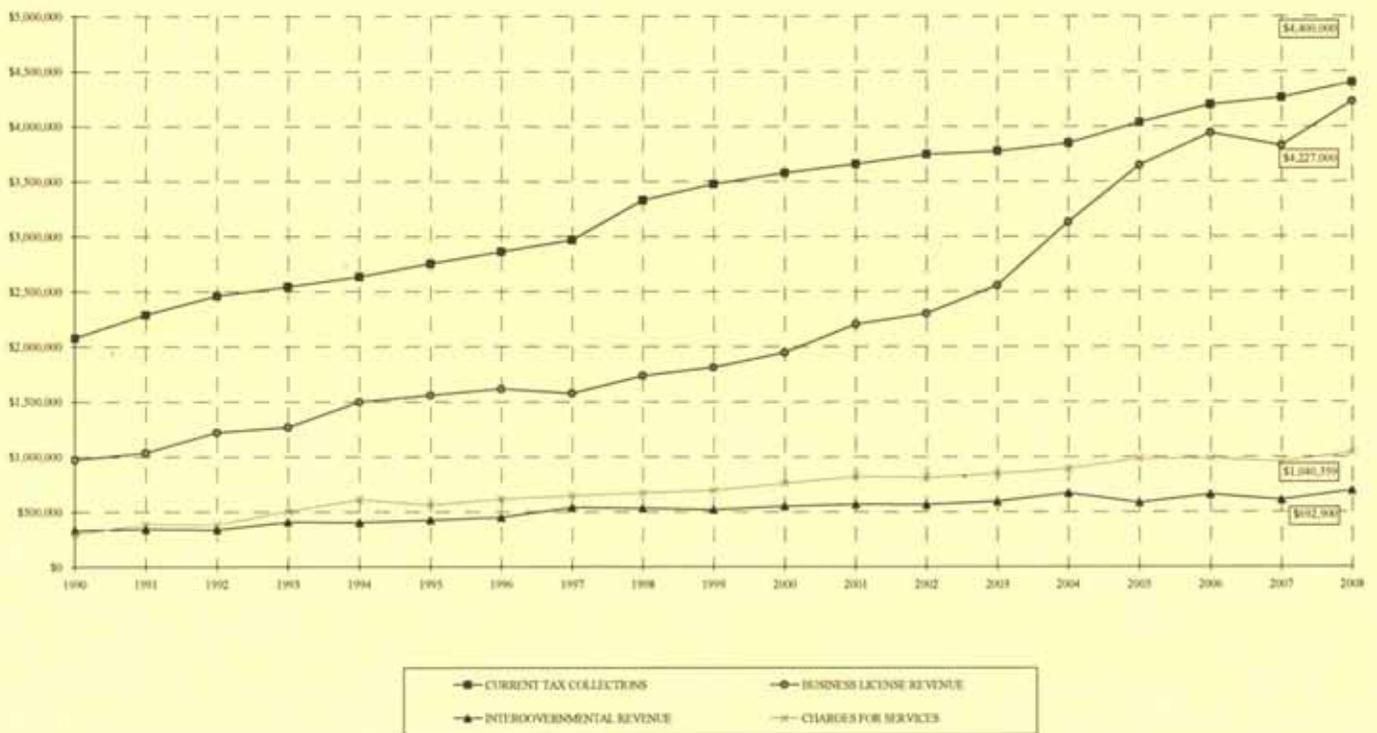

Totals:

	<u>Regular</u>	<u>Public Safety</u>
Under 5 years	44.53%	46.11%
10 years	46.45%	48.03%
Over 15 years	48.37%	49.95%

These percentages can be applied against gross salary in order to determine the monetary value of benefits the City provides each employee.

CITY OF NORTH AUGUSTA

Mr. C. Samuel Bennett
Administrator
City of North Augusta
PO Box 6400
400 East Beunavista Ave.
North Augusta, SC 29841-6400

Dear Mr. Bennett:

The City of North Augusta and the City of Augusta are linked not only by the Savannah River but also by economic development that crosses back and forth through both of our communities. Augusta Tomorrow is very excited to offer the City of North Augusta a partnership in an overall strategic master plan that will encompass both sides of the Savannah River.

In the early 1980s when the City of Augusta was in desperate need for a strategic plan, the Augusta Tomorrow board along with the City of Augusta forged a true public/private partnership to finance a master plan. Twenty-five years later, that plan is substantially complete, and we are ready to embark on a new strategic plan for the urban core. That urban core has expanded to include the City of North Augusta, and we feel that it is vital to the overall economic development of our region that North Augusta be a part of this new master plan.

In 1991, the Administrator of North Augusta, Charles Martin, became a member of Augusta Tomorrow. Our board felt then and continues to feel very strongly that since North Augusta is an integral part of the urban core, it is important for North Augusta to be represented at the Augusta Tomorrow meetings. Augusta Tomorrow is only as strong as its members, and to pursue our mission of "serving the community at large by planning, promoting and implementing the development of Augusta with particular emphasis on the city center," it is important to have broad representation from all areas of Augusta and North Augusta.

The new master plan will provide a unique opportunity for all portions of the community to be heard and for nationally known consultants to provide their expertise on the best way to encourage commerce, culture and urban life in our communities. Of extreme importance will be the requirement that the master planners outline a strategy for each part of the final plan to be completed. The strategy will include where the funding will come from, which organizations will complete the project and what the timeframe will be for each project.

For a true public/private partnership to work, both the public and private sectors must contribute equally to the financial viability of the project. We anticipate a master plan of the magnitude we are envisioning to cost \$250,000. We will be raising half of that amount (\$125,000) from the private sector, and have already asked the City of Augusta to contribute 75% of the public sector contribution. On August 7, 2007, the Augusta Commission overwhelmingly approved their commitment to the master plan in the amount of \$94,000. We are now requesting the City of North Augusta to contribute 25% or \$31,000 toward this effort. If the cost of the plan should exceed \$250,000, then the request for additional funding will go back to all the contributors for approval before any additional monies are authorized.

This is not Augusta Tomorrow's master plan. It is the community's master plan. Our urban core is the region's hub for government, business, education, entertainment, arts, sports, and so much more. It is one place that all residents come together. It is a place that belongs to the whole community. It is time for a new strategic and comprehensive master plan for our urban core that will take us forward for the next 25 years. We respectfully request the City of North Augusta to consider partnering with the City of Augusta and the private community in this important project.

Sincerely,

Bray C. Boardman

Proposal to Embark

On a New

Master Plan

For Augusta's

Urban Core

History

Economists consistently say without a vibrant city center a region cannot prosper. With the opening of Augusta Mall and Regency Mall in the late 1970s, an estimated 2 million square feet of retail left downtown and Augusta's downtown became a shadow of its former self. The City of Augusta, under Mayor Ed McIntyre and Augusta Tomorrow, Inc. agreed to jointly commission the first Master Plan in a true "public/private partnership." Each contributed half of the funding for the Plan. This first master plan emphasized development along the Savannah River. In 1995, the City of Augusta and Augusta Tomorrow, Inc. again entered into a public/private partnership to update the original master plan and start linking the riverfront to Broad Street. By 2000, both previous plans were substantially complete, and Augusta Tomorrow alone commissioned an update to build upon what the other plans had started. The Augusta Commission unanimously approved this plan in May 2001.

What have the Master Plans accomplished in the last 25 years?

The following highlights some of the major accomplishments in the last 25 years:

- Breaching the levee so Augusta could take advantage of the Savannah River.
- Removing the CSX train tracks from the levee.
- Augusta Riverfront Center (120,000 square feet of office space).
- RiverWalk including Jessye Norman amphitheater.
- Two marinas: RiverWalk Marina at 5th Street and Riverfront (East Boundary) Marina with the Boathouse meeting facility.
- Marriott (formerly the Radisson) Riverfront Convention Center and Hotel along the RiverWalk.
- Marriott Suites Hotel (formerly Country Suites) along the RiverWalk.
- Morris Museum of Art.
- Laney-Walker (Penny Bank) Neighborhood Commercial Center.
- Augusta Richmond County Health Department – new facilities on Laney-Walker Blvd.
- Arts and Antique Gallery District on Broad Street.
- Springfield Village Park – Part 1 completed including two sculptures from preeminent American sculptor Richard Hunt.
- Georgia Golf Hall of Fames Botanical Gardens.
- Reynolds Street Parking Garage.
- Loft apartment development on upper floors of downtown buildings.
- National Science Center and Fort Discovery.
- Port Royal Condominiums.
- St. Paul's Church Parish House on RiverWalk.
- Augusta Common.
- Lafayette Plaza (total renovation of 900 YMCA block on Broad Street).
- Watermark Condominium mixed-use development project on former City Pension Property (under contract).
- Bio-Medical and Bio-Technical Research Facilities – Bio-Business Center on Broad Street developed by the Georgia Medical Center Authority.
- New Augusta Public Library Headquarters – under construction.
- St. Sebastian Road Project – scheduled to receive bids in October 2007.

- Augusta Canal National Heritage Area interpretive center in Enterprise Mill and Petersburg Boat tours of Augusta Canal.
- Sutherland Mill mixed-use development (under development).
- Enterprise Mill redevelopment into mixed-use and condominium facility.

Economic Impact of Master Plan projects since 1982

Richmond County has reaped the economic benefits of the above downtown projects. The economic impact of these projects since 1982 is over \$2.6 billion.

Why do we need a new Master Plan NOW?

It has been 25 years since Augusta first embarked on a new master plan. Most of the projects foreseen on that master plan have been completed. A master plan is a guide, and we need a new guide to take us another 20-25 years into the future - the way the original master plan did. For the first time in many years, developers are coming to Augusta and they are asking to see Augusta's master plan. They want to know what Augusta envisions as the best use for a piece of property or building. The 1982 plan does not address these questions. A new master plan would address these questions and also help define better linkages to the residential areas of Laney Walker and Olde Town. A new master plan will strengthen and solidify the presence of the Medical College of Georgia, the other downtown hospitals and the medical community in Augusta's city center. Plus, a master plan will assure the urban core continues developing in a well thought out manner, so it will continue to grow and thrive.

We all should be duly proud of how far we have come. The new planners will have to look at the previous 25 years of history. However, we propose that the previous master plan and updates be used only as history. What we need now is a fresh look at Augusta and where we want to be in the next 20-25 years. In the next quarter century, do we want the urban core to become a great center of commerce, culture, government and urban life and a special place for all citizens and visitors alike? How do we encourage urban development to assure downtown Augusta is a vibrant location for business and investment, a good place to live, a center for culture, arts and religion, a setting where historic resources are protected and appropriate new development is encouraged? What is the best way to assure the urban core remains an attractive place to live, work and play? How do we enhance the cooperation between the public and private sectors, stakeholders and the general public to assure the plan is a success? These are important questions that the master planners will have to address. In addition, the planners will be required to map out how each part of the plan will be tackled - from funding to what organizations need to pursue the projects to obstacles that will be encountered and how to overcome those obstacles. The planners will also be asked to define timetables for various projects and prioritize projects based on their knowledge of Augusta and how to keep Augustans energized about this new master plan.

How do we engage all constituents in a new master plan?

The reason why the 1982 master plan and subsequent updates worked so well is because there was a true public/private partnership between the City of Augusta and the private sector. Only with a true partnership could the dramatic changes that we have seen in the last 25 years occur. It is now time to resurrect that partnership. All stakeholders need to be part of this master plan if it is going to succeed - both the public and private sectors. We need the Augusta City Commission as well as private stakeholders involved in the planning process. After all, the urban core is downtown to all of Augusta. To be successful this new master plan must involve all

Commission districts. The planners will be charged with developing a plan with input from all districts in Augusta.

Since that first master plan 25 years ago, the city center boundaries have expanded, and it is time to take that into consideration. The 1982 plan took a leap from Broad Street to Laney-Walker Blvd. This new plan will take leaps south of Laney-Walker Blvd. to Central Augusta, West Augusta and North Augusta, and assure new plans are complimentary to both sides of the Savannah River.

Cost of Developing a New Master Plan

For this new master plan to be a truly public/private enterprise, then all entities must participate in the funding. To hire a nationally known company, that has extensive experience in historic urban core planning, will be expensive. It is anticipated that a new master plan of this depth will cost about \$250,000. We would propose the cost be broken down as follows:

- Private sector – 50% of total cost
- Public sector – 50% of total cost
 - City of Augusta – 37.5% (75%)
 - City of North Augusta – 12.5% (25%)

If the cost of the plan exceeds \$250,000, then the request will go back to all the contributors for approval before any additional monies are authorized.

CITY OF NORTH AUGUSTA

Dear Sam,

The purpose of this letter is to bring you up-to-date on our progress for American Legion's Post 71 new building facility commitment, and to request the continued support of North Augusta's City Council. While it sometimes seems that progress is slow, we are fully committed to building a great facility that will pay tribute to both our veterans and this great city. Since our last discussion we have made progress on several fronts.

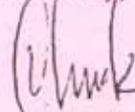

We have completed the site plan on the current location and know that it will accommodate our future facility. We are now ready to ask Council to enter into an Agreement that will preserve the site in perpetuity, or some commitment that will keep it in the American Legion's control as long as the organization exists. We are open to any discussion that will facilitate that goal.

We are also well into our fund raising campaign and have raised a significant commitment toward the facility. However, we still have a long way to go. We are asking that the City Council re-commit to the \$50,000 pledge over two years that was originally made. We are now seeking commitments from banks to move forward with construction.

Lastly, as you know, the American Legion acquired a piece of property behind the Public Safety Building on Five Notch Road. It was our original intent to build on that property, however, since most of our members expressed a desire to remain in downtown North Augusta, we decided to explore any opportunity that would help us facilitate our veterans. Originally, we were told that many obstacles would prohibit keeping the Legion downtown, but with the help of your staff and RD Brown, we have solved most of the obstacles. To build the new post we will need to sell the existing land for additional funds. Since it is directly behind the Public Safety building we want to offer the City first right of refusal on the property. If you are interested, we would look to multiple appraisals to determine a fair and equitable value.

Thank you for your continued support, we look forward to meeting with you soon to work out any issues that will help us build this great new facility for the men and women who have sacrificed so much for America.

Sincerely,

Chuck Smith

BEST FRIEND EXPRESS

REQUEST FOR FUNDING AUGUST 2007

Submitted by: Lower Savannah Council of Governments
P. O. Box 850, Aiken, S. C. 29802
803 649-7981; fax 803 649-2248

The Best Friend Express transit system has served the citizens of Aiken County since 1990. In November 2004, management of the system was transferred by Aiken County to the Lower Savannah Council of Governments. The following are some the system's accomplishments and changes during the past fiscal year, beginning July 1, 2006:

- In July of 2006 a dedicated route serving North Augusta began operating that provided shorter ride time for the citizens of North Augusta with service every two hours throughout the city and service to Aiken Technical College and transfers available to USC Aiken the Aiken area. This was a change from the previous route that ran approximately 22 miles each way between Aiken and North Augusta with an irregular schedule.
- This new dedicated route was served by a new 22 passenger vehicle that was put into service in August 2006 and now provides more consistent, reliable service to the North Augusta Area, at no cost to the County or City.
- Due to increased fuel costs and reduced funding, fares were increased for the first time since 1990.
- During the past year, the system's management and operation have undergone two separate intensive reviews that were conducted by Federal Transit Administration and State DOT review teams. Both have been extremely positive.
- The new route has resulted in 60,350 miles of service in the North Augusta area during the past fiscal year (a cost to the City of about 8.3 cents per mile), with about 11,500 riders in the system and fares from the North Augusta route that are comparable to last year's fares of \$11,500.
- To make using the Best Friend Express more user-friendly, Lower Savannah has also developed a new logo, new marketing materials and a new color-coordinated system schedule. A schedule is enclosed for your review and shows the many areas served by the Best Friend Express.

Along with the Best Friend Express fixed route bus service, LSCOG operates a door-to-door van service for people with disabilities who are traveling within a ¼ mile radius of the Best Friend Express route. This service is making it possible for qualifying people with disabilities of all ages, who are not be able to access the bus route, to get to work, higher education, shop, get to medical appointments and live more independently in their

own homes in the community. This service, called Dial-a- Ride, is a lifeline for a number of people in North Augusta. The City of Aiken values this service to the extent that they have been contributing substantially to help support it for the past 15 years.

In addition, it is important to note that The Best Friend Express now connects with the Augusta Transit System, and ridership from Augusta into North Augusta for shopping and recreation is very strong. Obviously, this migration of riders from Georgia into North Augusta has a positive economic impact for North Augusta. In addition, many of the North Augusta riders are dependent on the system to get back and forth to work each day.

We appreciate the cooperation North Augusta officials have shown as Lower Savannah COG has steadily worked to improve this transit system in the areas of efficiency and effectiveness. With route changes and fare increases behind us, Lower Savannah COG is now focusing on further enhancing routes, educating the public on the benefits of using the Best Friend Express, and continuing to increase and build a loyal ridership base.

We sincerely hope that the City of North Augusta will give strong consideration to increasing its contribution to the Best Friend Express from \$5,000 to \$15,000 for the new budget period. We think that the system is now meeting the needs of North Augusta residents better than ever and that the new route changes will only serve to further enhance the system. All of the requested funds will be used to pay for service delivery and, equally importantly, to draw down federal funds that are allocated through Augusta for the South Carolina side of the river. None of the requested funds are used by Lower Savannah Council of Governments.

Our staff is available to discuss this project with you in greater detail or to answer any questions you may have. We are pleased to participate in this partnership between North Augusta and the Best Friend Express. Your endorsement of this system through financial contribution is vitally important to its continued success.

CITY OF NORTH AUGUSTA

Dear Sam,

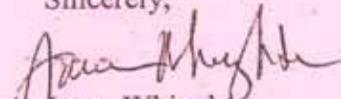

On behalf of the Greater North Augusta Chamber of Commerce and the 430 members whom we serve, thank you for the support that we have received from the city in the past for our business plan. We ask for your continued support of our work on behalf of our community. Therefore, we respectfully request funding in the amount of \$15,000 for the coming year.

The Chamber is working on several new initiatives that will help the community. First, we are working on a new website for the Chamber. It will have two main focuses. The first is for information and promotion of our members. The second is to promote the community to prospective newcomers with thorough information. We are partnering with the city to be a part of the Yellow Jasmine and Jack-O-Lantern Jubilee Festivals. We are working with the city and SCORE to make sure that prospective businesses are made aware of the various ordinances that will be need to be complied with prior to opening a business in North Augusta.

Additionally, we are exploring new ways to promote our area for both tourism and retirees. We are currently in the process of canvassing our small businesses in order to revamp the programs and services that we offer them. Finally, we are partnering with as many local organizations as possible for promotion of the city. We feature works from local artists in our lobby monthly through the Artists' Guild. We provide Ambassadors to help with events at the Living History Park. We are offering Choices, a program for middle students, to North Augusta middle schools. We are also in discussions with North Augusta 2000 and Augusta State University about beginning a Leadership Institute for North Augusta.

We have a lot of pride in our hometown. The Chamber looks forward to an expanding presence and additional missions as our community's growth creates new needs for programs and services.

CITY OF NORTH AUGUSTA

Dear Sam,

The CSRA Alliance for Fort Gordon continues to serve as the CSRA's central coordination and resource center for all community-related Ft Gordon initiatives, in other words a central clearing house. We continue to strive to fully integrate Ft Gordon and the CSRA Community with more involvement in each other's events and activities, more joint partnerships, and quality of life improvements for all. The intended result is to provide for the long term viability of the CSRA Alliance and Fort Gordon by ensuring that the community remains supportive of Fort Gordon and the military.

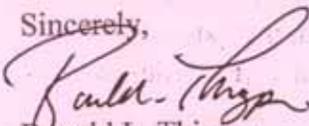

Some of the specific initiatives currently being worked are:

- The establishment of a regional Information Technology Center of Excellence, capitalizing on the synergy of high-tech workforce coming from the military, recent IT related growth in the community, and the increasing technical demands of the major economic engines such as the Savannah River Site, Medical College of Georgia, and the new National Security Agency facility. Related to this is the establishment of an IT Business/R&D Center in the vicinity of Ft Gordon.
- Supporting and acting as liaison for a local effort to determine how the CSRA can use its extensive medical resources to enhance and expand medical care for Wounded Warriors.
- Promoting community awareness by hosting the 2007 CSRA Community Expo, the 2007 Annual Holiday Concert, and the US Coast Guard Band Concert.

The annual budget for the CSRA Alliance remains at \$125,000 for one staff member, travel, printing, advertising, and general office expenses. Augusta and Columbia County have agreed to fund \$50,000, with the balance coming from the private sector and/or other government sources. The City of North Augusta supported our 2007 efforts with a donation of \$1,000. We ask that you continue your support in 2008 with a donation of \$1,000.

Thank you for recognizing the responsibility we have as a military community.

JUL 30 2007

CITY OF NORTH AUGUSTA

July 26, 2007

Mr. Sam Bennett, City Administrator
City of North Augusta
P.O. Box 6400
North Augusta, SC 29861

Dear Sam,

The North Augusta Cultural Arts Council would like to request that the City continue to include \$11,000 in its 2008 budget for the Arts Council's programs. Enclosed is a financial summary for 2006, a recap of 2007 to date, our projected income and expenses for the balance of 2007, and our projected budget for 2008. This has been an unusual year for us in that we have received two sizeable grants which make our financial reports larger than usual but these are both for designated projects. The larger grant for \$45,000 from the South Carolina Arts Commission will provide special lighting for the Arts and Heritage Center, and the smaller \$10,000 grant from Aiken County will be applied to the stage roof in the Park.

This year the Arts Council continued the Music in the Park Series of eleven concerts which have been most successful. The location in Maude Edenfield Park is working well, the attendance has been excellent, and we have had no concerts moved inside because of rain. The concerts have been well received and over 3000 people have attended. For 2008 we are expecting University Health Services to become a corporate Sponsor for this series which may allow us to expand it further.

In March we presented The Augusta Symphony for their third visit to North Augusta. The second annual North Augusta Idol Contest finals played to a packed house at the Auditorium. We also held a competitive student art show in conjunction with the Idol finals with 250-300 entries, encompassing all schools in Area II. One of our Music in the Park concerts featured the winners of the various divisions of the Idol contest.

Our Web site is fully operational at naartscouncil.org. This year we have continued our Children's Theater program under the direction of Andra Syms, and they have presented three plays so far.

Dear Sam:

Support of the Economic Development Partnership from the business community and our major municipalities is crucial to our ability to attract new companies into Aiken County. I am asking for your support in 2007 and 2008. Over the past year, the Aiken County economy has seen significant expansions but also record plant closings. Nearly all of our major industries have announced expansion plans, but at the same time we are still dealing with Avondale Mills closure. Our existing industries continue to pick up former Avondale employees. We have increased our recruitment efforts to bring in new industries but as you can imagine that takes funding. We have also been fortunate that Fuel Cell and Hydrogen technology has come to the forefront and we are actively pursuing the development of those technologies through the Center for Hydrogen Research.

I appreciate North Augusta's support of the Partnership's efforts to bring new industry to Aiken and Edgefield Counties. I am asking that you consider continuing your support for this year in the amount of \$15,000.00

I will be happy to answer any questions you may have regarding our program and can be reached at 803-641-3300.

Sincerely,

Fred E. Humes

Mr. C. Samuel Bennett, II
City Administrator
City of North Augusta
400 East Buena Vista Avenue
North Augusta, SC 29841

Dear Mr. Bennett,

With regard to the 2006-2007 Jackson Statue Campaign Committee's inclusion in previous budgets, the Heritage Council of North Augusta is most appreciative of both the monies and support it has received from the City of North Augusta.

At this time, the Heritage Council respectfully requests inclusion in the City budget in the amount of \$5,000. This amount would cover necessary expenses in preparing to start the inventory of items to be included in the new Municipal Complex Heritage/Cultural Arts Center. We have many donated items that are being stored in various locations; i.e. the Chamber, Rosemary & Lookaway Halls, etc. The funds would be used to purchase the necessary museum software programs and upgrades, a laptop computer with back-up battery and a digital camcorder.

It is the Heritage Council's privilege to record and preserve the history of the City of North Augusta so that its current and future citizenry can always be inspired by the people and events that have shaped the City and will continue to shape our growth and aspirations. With the City's help, the Heritage Council will be able to inventory current items, record and preserve oral histories, record and preserve photographs intrinsic to the people, places and events of the City, and maintain a robust inventory database.

We thank you for your consideration.

Dear Mr. Bennett,

The Friends of the Nancy Carson Library Foundation respectfully requests that the City of North Augusta include the Friends of the Nancy Carson Library Foundation in the 2008 city budget for \$14,000.

We are pleased to let you know that library usage is up in North Augusta. In FY 2006, total circulation was 157,749 items borrowed, while FY2007 showed a comparative total of 167,117 items borrowed. As always, we greatly appreciate the support the City of North Augusta gives the Nancy Carson Library, one of the community's most utilized facilities.

If you have any questions, please feel free to call me at 442-7588, or the Library Manager, Barbara Walker, at 279-5767.

Yours Very Truly,

Kenneth B. Smith; Chair

Dear Sam,

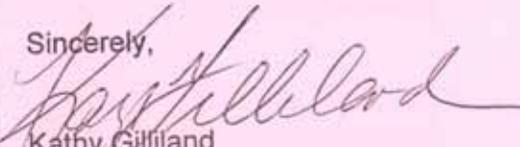

Thank you for your financial commitment to The North Augusta 2000 Community Foundation. We have experienced tremendous success during the first five years of operation. This success is due to the commitment of investors, volunteers, civic clubs and partnerships with the City, the school district, Chamber of Commerce and other non-profit organizations.

The new Strategic Plan for 2007-2011 is complete and we are working on the \$2,000,000, five-year Capital Campaign to fund new initiatives through 2011. Enclosed is the North Augusta 2000 "Continuing the Vision" brochure that shows how the budget request will be used and the expected 2008 budget expenditures for the organization.

We respectfully request the City of North Augusta continue their annual support in the amount of \$60,000 for 2008.

We look forward to our continued partnership and collaboration to establish North Augusta as one of the best small cities in America. If you have any questions or need additional information please do not hesitate to contact me at (803) 510-0011.

NORTH AUGUSTA 2000

Dr. Randy Cooper
Campaign General Chair

July 9, 2007

Dear Friends:

In early 2006 North Augusta 2000 completed its initial five year program of community improvement initiatives. The program was based on a very bold plan that brought together our entire community, both public and private. The plan sought to strengthen and expand efforts in the areas of economic development, education, quality of life, and parks and recreation.

The success has exceeded our greatest expectations. I would like to mention just a few to demonstrate: (1) 30,000 books were distributed across our community in the Reading Readiness Program; (2) land has been banked for our new Town Center; (3) Phase I of the Palmetto Parkway was constructed; (4) the renovation of the North Augusta High School auditorium was completed; (5) the Character First Program was established, (6) the Greenway Trust was created; (7) multiple forums for the betterment of our community were convened; and finally, (8) North Augusta was selected as finalist for the 2006 All America City designation.

The human involvement is just as impressive: (1) 130 investors participated financially in improving the quality of life of the North Augusta community; (2) over 200 volunteers actively worked in community improvement activities; (3) 500 students at North Augusta High School have completed Real Life 101; and (4) over 1,500 students participate annually in Career Day programs at North Augusta High School.

Are you impressed? I am. Now the North Augusta 2000 Foundation and community leaders have dared once again to dream for an even better North Augusta and CSRA community. The goals are once again focused: (1) revitalization and quality growth in our economy; (2) education that prepares our community for the future; (3) community engagement that creates partnerships and connects our citizens with each other; and (4) benefiting the community through recreation, culture and history programs.

In conclusion, we are asking our citizens, both private and corporate, to once again invest in the future of the North Augusta community. This effort is to ensure that we, our children and our grandchildren, can continue to enjoy the quality of life, job opportunities, educational opportunities, and the freedom that we all cherish very dearly. I hope you will join us in making North Augusta an even better community.

Sincerely yours,

Background

The North Augusta 2000 Foundation was created in 1999 recognizing a need for a strategic vision for the future of the community. The effort was an unprecedented undertaking involving hundreds of community leaders representing every facet of North Augusta. The 2000 strategic plan was titled: *Building for a New Century* and presented a bold series of nine strategic focus areas and numerous goals, objectives and projects.

The initial investors in North Augusta 2000 selected 32 initiatives in four strategic areas to be implemented between 2001 and 2006. The priority areas were Economic Development, Quality of Life, Education, and Parks and Recreation.

North Augusta 2000 secured pledges of \$1.8 million to fund the implementation of the 32 projects over five years. In 2005, near the end of the five-year funding cycle, the North Augusta 2000 Board of Directors completed a detailed qualitative and quantitative evaluation of the success achieved in the implementation of each of the consolidated 24 initiatives pursued in the initial five-year effort. In 2006 the board completed an updated strategic plan for the second five-year period, 2007 to 2011.

The current \$2 million capital campaign will fund the initiatives adopted by the board for 2007 through 2011.

North Augusta 2000 MISSION STATEMENT

"North Augusta will be a prominent river-front community whose past has been carefully preserved and whose future is vested in its citizens, young and old. Safe streets, beautiful parks, abundant recreational opportunities, exciting cultural and performing arts programs, and an exceptional education system will entice our young people to stay in our community, start a career, and raise a family. Known as the entrance to South Carolina and a town where all are welcome, North Augusta will attract visitors, new residents, and a growing retirement community. Classic entranceways and a charming town center will enhance North Augusta's reputation as a vibrant downtown business area boasting new retail shops and restaurants, a conference center/hotel, and numerous entertainment venues along the Savannah River. During the next five years, this area will experience strong economic development compatible with existing business and industry and consistent with our community values. Infrastructure improvements, effective governance, and a superlative quality of life will propel our community into the new millennium and establish North Augusta as one of the best small towns in America."

"The first campaign of North Augusta 2000 has been outstanding. North Augusta 2000 has filled a void that government can not, and in some cases should not, fill. Support of 'Continuing the Vision' will keep North Augusta in the forefront of all cities in South Carolina."

Lark W. Jones
Mayor, City of North Augusta

Results

After five years of implementation, the success of North Augusta 2000 initiatives is clear. Significant results include:

- ✓ 30,000 books were distributed to children in the community through the Reading Readiness Program.
- ✓ 22 parcels of land were banked for a new "Town Center" project that will reshape North Augusta's downtown.
- ✓ Phase 1 of the Palmetto Parkway was completed and Phase 2 is under construction.
- ✓ Renovation of the North Augusta High School Auditorium was completed.
- ✓ The Character First Program was established citywide.
- ✓ The Greenway Trust was established and funded to ensure the long term upkeep and expansion of the North Augusta Greenway Trail System.
- ✓ 130 investors were engaged and now have a financial stake in the quality of life of the North Augusta community.
- ✓ Over 200 volunteers are actively working on community improvement activities.
- ✓ Over 500 high school seniors have completed Real Life 101 and 1,500 students participate in Career Day programs annually.
- ✓ Several strategic leadership forums were convened to discuss community and regional issues.
- ✓ North Augusta 2000 facilitated the creation of new community based partner organizations to increase participation and expand the effort in specific areas.
- ✓ North Augusta was selected as a finalist for the 2006 All America City designation.

However, the success of North Augusta 2000 should not be measured by statistics alone. North Augusta has created and enjoys a surging pride of place and a sense of direction that has made it the envy of the region. But the work is far from complete.

"A visionary writer/poet once said – The reward of a thing well done is to have done it. This clearly speaks for the individuals, small businesses and corporations that invested in the first capital campaign. We are all truly proud of the dividends received from this first investment and we strongly believe that supporting North Augusta 2000 is again just the right thing to do for our community."

Continuing the Vision 2007-2011

A Five-Year \$2 Million Total Commitment

\$400,000 per year

Our work has only begun. The new and continuing initiatives in each of the four strategy areas expand the scope of the efforts of North Augusta 2000 while continuing the initial emphasis of the organization. The initiatives in each strategy area are divided into three tiers in the updated plan. Many of the **Original Initiatives** have been updated to ensure effectiveness and continued success and will be continued. **New Initiatives** addressing new challenges have been identified and will expand the work of North Augusta 2000 through stronger partnerships with existing and new partner organizations. **Long Term Initiatives** will address longer term community issues to develop new visions for the future with the various stakeholders in the community. Over the next five years through all of its initiatives, North Augusta 2000 will initiate discussion, evaluate alternatives, facilitate consensus and implement plans of action, projects and programs with its partners.

Economic Development - Revitalization and Quality Growth

Economic Development continues to be a key interest for the community. North Augusta will continue to expand economic development activity while preserving the unique qualities that make the community special. North Augusta will enjoy *"a vibrant downtown business area boasting new retail shops and restaurants, a conference center/hotel, and numerous entertainment venues along the Savannah River. North Augusta's economic development will be compatible with existing business and industry and consistent with our community values."*

Annual Commitment \$195,000

Original Initiatives

Land Bank and Town Center – Twenty-two parcels in the Town Center area have been assembled for desired redevelopment. Several were transferred to the city for the new municipal center that will be complete in 2008. With the municipal center as an anchor, another three acres will be offered for sale for appropriate downtown redevelopment. Additional property assembly will be pursued to further assist the private sector with redevelopment investment.

Palmetto Parkway – North Augusta 2000 completed its objective of raising awareness and support for the completion of I-520 in Aiken County. The final phase is under construction and will be supported until the ribbon is cut and the new freeway is open to traffic.

Retirees – The goal of recruiting 200 retiree households to North Augusta has been achieved. The area is now recognized as a growing retiree destination. Future efforts will relate to providing adequate housing and health care choices and opportunities for North Augusta citizens who desire to retire in place.

Original Initiatives

Hippodrome – The Hippodrome will be promoted as a premiere equine sports and special events venue in conjunction with the development of the area around the new I-520 and US 1 interchange.

Light Industry & Business Park – North Augusta 2000 will remain supportive of new job creating activities and will cooperate with existing industry, Aiken County and the Economic Development Partnership for Aiken and Edgefield Counties to attract new job creating businesses to the area and remain vigilant for opportunities for a new business/industrial park in North Augusta.

Development Incentives – This initiative produced a successful scholarship program in partnership with Aiken Technical College. The program will be continued as long as it serves the community and provides appropriate assistance to worthy North Augusta students pursuing technical education that can be utilized in the area.

New Initiatives

Downtown Master Plan – The Town Center will set the stage for a resurgence of downtown North Augusta. North Augusta 2000 will complete a downtown area development master plan that will depict the future of downtown, present new economic development opportunities, and transform downtown into a vital part of the life of the citizens of North Augusta. The goal is to stimulate \$40 million in investment in downtown by 2011.

Downtown Development Incentive Program – North Augusta 2000 will develop and offer a package of incentives for the renovation or development of new small businesses in the core area of the community.

Small Business Ombudsman Program – North Augusta 2000 will launch a Small Business Ombudsman Program to target and recruit complementary small businesses to North Augusta and to retain locally owned businesses in the community.

NA 2000 Development Corporation – North Augusta 2000 has created a closely aligned and directly affiliated subsidiary organization, the North Augusta 2000 Development Corporation, to implement and expand upon economic development initiatives.

"In order to create the kind of community we want future generations to enjoy, we must have a vision; and it takes planning and money to facilitate that vision. North Augusta 2000 is doing a tremendous job of planning for the future, and I'm delighted to be a part of this initiative."

E. G. Meybohm
Meybohm Realty

Long Term Initiatives

Downtown Hotel and Conference Facility – North Augusta 2000 is committed to continuing the past efforts of the city and private property owners to facilitate the development of a downtown hotel and conference facility in the Town Center.

North Augusta 2000 Office Building – The North Augusta 2000 Development Corporation will develop an office building that will house the offices of North Augusta 2000 and other local non-profit organizations including potentially the North Augusta Chamber of Commerce, The Heritage Council of North Augusta and the North Augusta Cultural Arts Council.

Edgefield Road Gateway – North Augusta 2000 will initiate discussions to explore options for improving the Edgefield Road (US 25) gateway into the community.

Education – Preparing for the Future of North Augusta

The various education programs launched by North Augusta 2000 have been very successful. Those programs will be continued and expanded in creative new ways. *An exceptional education system will entice young people to stay in our community, start a career, and raise a family. Continuing education programs will allow adults in the community to enhance their career opportunities while creating an atmosphere of lifelong learning.*

Annual Commitment \$95,000

Original Initiatives

Real Life 101 – A major success for North Augusta 2000, the Real Life 101 Program reached more than 500 North Augusta High School seniors and will continue.

Reading Readiness – The Reading Readiness Program has also been a major success. Over 30,000 books have been distributed to every three to five year-old in the community and will continue.

Career Development – Another very successful initiative is the annual Career Day event for the 1,500 North Augusta High School students. It will continue.

Basic Life Skills – The Basic Life Skills initiative was implemented by a North Augusta 2000 partner organization, the Adult Literacy Pilot Program, with funds granted by North Augusta 2000.

New Initiatives

North Augusta Lifelong Learning Program – North Augusta 2000 will develop the North Augusta Lifelong Learning Program to enhance learning opportunities for North Augusta residents of all ages and with a variety of needs. The programs will include English as a Second Language, Life Skills for Adults (similar to Real Life 101), and Life Enhancements (for retirees and older adults).

North Augusta Education Alliance – The education programs launched in 2001 have matured to the point of becoming community institutions. Hundreds of volunteers have contributed to the success of education initiatives. In the next five years the education programs initiated by North Augusta 2000 will “grow wings” and spin off to allied partners made up of the existing corps of volunteers under the North Augusta 2000 umbrella. A new organization, the North Augusta Education Alliance, will be created to oversee the continuation of the Real Life 101, Reading Readiness and Career Day programs.

Long Term Initiatives

The Future of Our Schools Forum Series – North Augusta 2000 will host a series of forums to discuss and evaluate the future of education and the effectiveness of our schools, and explore options for improving the delivery of education services in the North Augusta area.

Community Engagement - Partnership to Connect Citizens

Community engagement programs seek to improve the day-to-day lives of citizens. North Augusta has set a high bar for quality of life and is enjoying the fruits of its emphasis on providing citizens with a great community. There is always more work to be done and North Augusta 2000 will continue to play a key role in fostering new leaders, engaging the community at the grass roots level, recognizing and applauding diversity, maintaining an open dialogue with the community on issues, recognizing achievement, and fostering pride in success.

Annual Commitment \$55,000

Original Initiatives

Character First – North Augusta 2000 implemented the national Character First Program in North Augusta through schools, businesses and city government. The program is self continuing.

Community Diversity – A committee comprised of various cultures and ethnic backgrounds was assembled by North Augusta 2000 to create a diversity program. Successful activities undertaken by the committee included a series of columns and ads in the *North Augusta Star* and grants to school teachers for the development of classroom units on issues of diversity. The Community Diversity initiative will be continued and improved upon over the next five years.

“Over the past five years, North Augusta 2000 has been able to envision and accomplish many important things for our community. The development of the Greenway Trust, the assembly and banking of property for the Town Center development and the creation of the North Augusta Sports Commission are just a few. The city has pledged its continued support so this vital organization can accomplish even more over the next five years.”

*C. Samuel Bennett II
City Administrator, City of North Augusta*

Protect Our Children, Invest in Our Future – Several seminars were sponsored with the Aiken County Teen Pregnancy Prevention Coalition and DARE. “Not Me, Not Now” booklets were distributed in middle schools. The Protect Our Children initiative will be continued through cooperative efforts with partner organizations.

All America City – North Augusta was selected as a 2006 finalist for the National Civic League’s All America City award in 2006. North Augusta 2000 will evaluate the potential success of another application for the All America City designation between 2007 and 2011.

New Initiatives

Community Alliance Meetings – As a continuation of the Strategic Alliance and Sense of Community initiatives, North Augusta 2000 will host at least two Community Alliance meetings each year. One will involve regional political and civic leadership. The second will be a Citizen Summit.

Leadership North Augusta – North Augusta 2000 will launch a Leadership North Augusta program to target and cultivate young leaders. The program will expose participants to the details of the community and instill them with leadership skills.

Neighborhood Improvement Grant Program – North Augusta 2000 will provide grant funds to empower neighborhood associations to undertake improvements in their neighborhoods and to foster neighborhood revitalization at the grass roots level.

Long Term Initiatives

Senior Citizen Center – North Augusta 2000 will cooperate with the city to develop a Senior Citizen Center to serve the growing number of retirees that are moving into the community and citizens that are retiring in place.

Community Health Center – North Augusta 2000 will engage area health care providers in a discussion about the availability and accessibility of health care in the community with the goal of establishing a permanent medical presence in North Augusta.

Senior Citizen Housing Development – North Augusta 2000 will pursue the development of both independent and assisted living housing for seniors within walking distance of churches, restaurants, shops and recreation.

Recreation, Culture and History – The Benefits of Community

Recreation, culture and history help round out the quality of life that makes a community unique. North Augusta has made great strides toward creating a recreation infrastructure that is second to none in the region. Additionally, volunteer groups have been diligently working to preserve our unique history and create opportunities for local artists. The next five years will present opportunities for North Augusta to showcase its history and artistic talents alongside its well-recognized recreational amenities and facilities.

Annual Commitment \$55,000

NORTH AUGUSTA 2000

Original Initiatives

Greenway Trust – North Augusta 2000 created and funded the Greenway Trust, an endowment for the perpetual care of the North Augusta Greenway Trail System. North Augusta 2000 will continue its support of the Greenway Trust with additional donations to the principal and support of the Greenway Trust Advisory Committee working to raise additional funds for the trust.

Sports and Recreation Programs – Improvements to recreation programs identified in the original initiative have been completed and will be continued through the North Augusta Sports Commission.

City Parks – North Augusta 2000 funds were spent on several park improvements that would not have otherwise been completed. Future North Augusta 2000 efforts will be directed at illuminating the need and demand for new or expanded parks.

North Augusta Classic Golf Tournament – The North Augusta Classic Golf Tournament represents a successful partnership between the City of North Augusta, the Greater North Augusta Chamber of Commerce and North Augusta 2000. Proceeds of the tournament benefit local charitable organizations. The North Augusta Classic will be continued over the next five years.

New Initiatives

Art and History Center – North Augusta 2000 will provide support for the development of the North Augusta Art and History Center that will be located in the new municipal center. The facility will showcase the talents of area artists while providing educational exhibits on the history of the community.

North Augusta Sports Commission – North Augusta 2000 created the North Augusta Sports Commission to assist in attracting sporting events to the community. The Sports Commission created the North Augusta Hall of Fame and will continue to attract sporting events to the city.

South Carolina's Riverfront Festival – North Augusta 2000 will launch a new arts celebration. South Carolina's Riverfront Festival will be held every year to bring citizens of the community and the region together to celebrate North Augusta's historic connections to the river and provide a new venue for artists and musicians.

Long Term Initiatives

Savannah River Boathouse – An element of the plan to reconnect North Augusta with the Savannah River is a boathouse on the river to serve both the rowers of the community and the citizens at large. North Augusta 2000 will evaluate the scope of a boathouse and initiate its design and development.

Hamburg Park – Utilizing a land banking program, North Augusta 2000 will assemble land between the Norfolk Southern Railroad Bridge and US 1/Gordon Highway to create Hamburg Park. Park amenities will include an interpretation of the original Hamburg community and the possible relocation of the original Hamburg depot of the Charleston to Hamburg Railroad.

ADMINISTRATION DEPT.

AUG 15 2007

CITY OF NORTH AUGUSTA

PO Box 7915 • North Augusta, SC 29861

Mr. Sam Bennett
City of North Augusta
North Augusta, SC 29841

Dear Mr. Bennett

At this time, the Olde Towne Preservation Association of North Augusta would like to request funding in the amount of \$12,000 for the upcoming budget year 2008. This funding is to be used for repairs and improvements at the Living History Park, including continued upgrades of the entrance garden, as well as the events for public enjoyment at the Park.

The history of Olde Towne demonstrates that we have consistently multiplied the funds that the City of North Augusta has provided by obtaining matching grants from other sources. With the demonstration of good stewardship with these funds, we have been able to obtain help and donations to enhance the Living History Park.

The Living History Park has become a showcase for the area and a real asset to North Augusta. With the addition of two log cabins and Colonial Herb / Flower Garden (a Sensory Garden) and the construction of the covered shelter area with benches/ tables for lectures, gathering place for picnics and for our concession stand during our 5 events. We are proud of our accomplishments. We have also greatly improved the original "brown building" with new roofing, siding, and the addition of an office/ storage area.

The Living History Park is used heavily year round by the public for picnics, weddings, group reunions, Boy and Girl Scouts for weekends and for many citizens as just a quiet place to relax.

Having the park opened on the last Saturday of the month for public demonstrations has encouraged increased tourism for our area. We are seeing many visitors from outside the CSRA.

All these improvements will enhance the Living History Park and will increase the usage by cultural groups, schools and other assembly functions. This park continues to be a documented regional tourist attraction by the South Carolina Governors Conference (in February 2007 O.T.P.A. won the Bundy Award). We continue to grow and promote **tourism and history, not only in North Augusta, but also throughout the Southeast.**

Enclosed is last year's budget showing income and expenditures. For additional information, we are enclosing a budget history to show previously obtained income from multiple sources, and how wisely our funds have been used for the betterment of the Living History Park and thus the enrichment of our City. Giving North Augusta a most wonderful and unique feature, that provides learning laced with enjoyment, is our continuing goal.

The Living History Park is a gem in the City of North Augusta. You and City Council need to be commended for your support of O.T.P.A. and the Living History Park. If you or Council has any questions, please call Lynn Thompson (803 279-7560). **As in the past, we continue to successfully operate with no paid staff members.** Volunteers are the life-blood of our organization, thus allowing the funding provided by the City to go entirely back into the improvements and operation of the Park.

Sincerely,

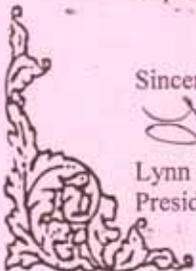

Lynn Thompson

JUL 25 2007

CITY OF NORTH AUGUSTA

July 20, 2007

Mr. C. Samuel Bennett, II
City Administrator
City of North Augusta
P. O. Box 6400
North Augusta, SC 29861-6400

Dear Mr. Bennett:

Please convey to all members of the City Council our sincere thanks for the time they gave to me and PEP's Chair, Ms. Barbara Smoak, at this past Monday's work session. We are grateful for the opportunity to brief Council, the Mayor, and your staff, Ms. Donna Young, on our partnership with North Augusta Middle School to build a Synergistic Modules Lab this school year. We hope you are excited as we are about this project. Thank you, also, for your letter of July 18, 2007 offering PEP the opportunity to submit a proposal for funding under the 2007-2008 budget. Attached is a request for funding to support projects in North Augusta's Area 2 schools. As you can see, we are already heavily engaged in seeking major resources to help the middle and high schools.

Council's support each year not only provides PEP with a source of revenue for our work in Area 2, but serves as an endorsement of the unique partnership this organization has with the public schools. We are grateful for the continuing contributions of our North Augusta board members, Mr. Brian Tucker, who is returning to the board this year, and Rep. Don Smith, who was so instrumental in obtaining the \$1.2 million incentive grant for the Star Academy in the most recent legislative session. Thank you for your support of our efforts, and for your consideration of the enclosed request.

Sincerely,

Diane Mangiante

Public Education Partners, Aiken County's Local Education Foundation, is pleased to present a request for funding to Council to support the many programs, large and small, that we will fund this year in the schools of North Augusta: **Request: \$5,000**

Star Academy Dropout Prevention Program

PEP and the School District are working in partnership, endorsed by both the County Council and the School Board, to attract major funding to establish 7 Star Academies at the high schools of Aiken County. The Academy at North Augusta High will serve 80 students each year who would have otherwise attended 8th grade in the middle schools, but are old enough to be 9th graders due to academic failure. They "catch up" a year of their lives, recover missed skills, and move ahead to acquire all necessary credits to enter 10th grade. The District has committed \$100,000 to the project, and grants for \$19.8 million and \$5 million are now pending before the Bill and Melinda Gates Foundation and the US Department of Education. The SC Department of Education has committed \$1.2 million, if the partnership can raise \$10 million on our own.

Synergistic Modules Lab for North Augusta Middle

The District has chosen NAMS as the site of the next lab to support math and science curricula for all 7th and 8th graders. Council has already been briefed on this project, which will cost about \$135,000, plus the District's investment, which we estimate to be about \$10,000 (carpeting, electrical and internet drops, etc.) Module sponsors will be asked to invest at least \$5,000 in this project.

Summer Institute: Bridges to the Health and Human Services Network

For the 8th year, the community's extensive network of agencies will offer, and PEP will coordinate, a week-long training for educators across the County. Ask anyone who has attended in the past – this is a unique and invaluable training in which all schools participate. Major funding was provided this past year by Blue Cross/Blue Shield of South Carolina, and agencies donated not only their time throughout the year, but financial support as well. They know teachers are the first line of defense for many children at risk.

Garcia Theater Project

In partnership with the District and the University of South Carolina Aiken, PEP will again sponsor and coordinate the GTP to encourage the development of sustainable theater programs at the high schools. North Augusta High participated last year, receiving \$500, set components, technical assistance and mentoring from USCA, and a day-long festival of workshops and performance at the University. Parents enjoyed a pizza party with their students, followed by the awards ceremony in the evening.

Teacher of the Year Banquet

Since 1996 PEP has sponsored the District's Teacher of the Year Banquet for school winners, their guests and principals, as well as the School Board and administration. This

year, we are expanding the attendance to include corporate table sponsors. The winner last year received a check from the District, use of a car for the year from Toyota of Augusta, a laptop computer from WSRC, and a set of tires from Bridgestone. We hope to make this year's event even more special. Table sponsorships are \$250.

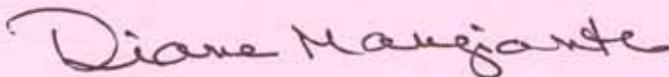

Great Idea Grants

Teachers may apply for \$500 grants to implement innovative programs in their classrooms. Awards are named for their donors, and in May, 2007 we awarded the first **City of North Augusta Great Idea Grant** to Ms. Hope Bussey at Hammond Hills Elementary. We hope to expand this project as donors increase their sponsorships.

Last year PEP wrote 39 grant proposals to foundations and governmental agencies, 17 of which were funded for a total of \$113,753. Yet our core of support comes from our local businesses, organizations and individuals – the community we serve. The City of North Augusta has been a valued partner in our work for the past seven years. We hope you will agree that your dollars invested have been more than repaid to the citizens of North Augusta through PEP's work in the schools.

You can see that for 2007-2008 PEP has set an ambitious program of work. **We ask that Council consider an allocation of \$5,000 to Public Education Partners, an investment that will be matched many times over.** We will again offer a City of North Augusta Great Idea Grant, and the City's name will appear on one of the modules in the new Synergistic Lab. Your representative will be invited to cut the ribbon at the Grand Opening event, and we hope that a member of Council will also attend our Investors' Event in September.

Education is at the heart of the quality of life we enjoy in Aiken County, and PEP truly believes in *The Power of Community to Improve Education*. Thank you for your consideration of our request and for your general support in the past.

August 15, 2007

Dear Mr. Bennet:

As a leader in the community we are greatly appreciative of the efforts you are making through the City of North Augusta to help to enrich the lives of the citizens of this city and the Central Savannah River Area. It is through efforts like yours that we see lives being positively affected.

The Summerhill Community Resource Center relies upon the talents and contributions of volunteers to offer various services to the community. With the support of our community partners, we will be able to maximize our efforts towards creating an environment that is uplifting for the entire community.

Enclosed you will find a brochure outlining our Summer Enrichment Program 2007. This Program is offered through the Summerhill Community Resource Center and has been in existence since June 2005. It is designed to offer academic enrichment in a spiritual environment for students in grades K4-8th. This Program allows participants to acquire knowledge that will help them to experience good success (Joshua 1:8) in math, reading, and writing for their upcoming grade.

Our goal is to also offer evening and afternoon classes that will assist the parents of children in this area with much needed computer skills and academic enhancement to help to foster an awareness of the opportunities these parents have if they were to further their education or for some, complete requirements for high school.

Through this Program, we feel this is a great opportunity for the city to continue making a positive difference in our community by entering into partnership with us. Therefore, we are asking for you to become a sponsor by assisting us with a financial donation. We would graciously accept your assistance with the assurance that this Program will make a difference in the lives of the citizens in the surrounding community. A proposed budget is attached.

In closing, we hope that you will give favorable consideration to this appeal. Please feel free to make copies of the letter or brochure as needed. If you have any further questions, please call (803) 279-3584, or check out the Summer Enrichment Program on the web (www.summerhillcenter.org).

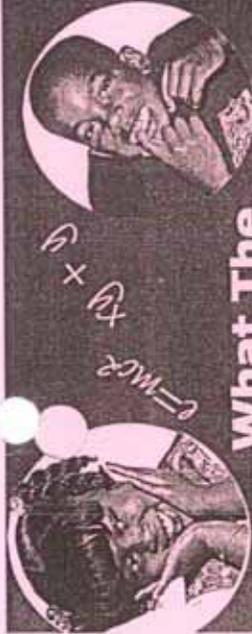

Sincerely,

Rev. Dr. Albert M. James, Chairman of the Board of Directors
Mr. Michael Hall, Executive Director
Mrs. Adrienna Isaac, Director of Summer Enrichment Program
